Teresa Adams, Kylee Pelton

Are you looking for a team with a proven track record of getting results quickly and a direct line of communication at all times? Take a look at the St. Louis Homes and Properties Team (STLHP) at *Elevate Realty*.

“We pride ourselves on being one of the fastest growing real estate teams in the St. Louis area with over \$100 Million in sales in just over five years and having earned a ranking in the top 1% of local agents,” said Spencer Argueta, vice president/broker/realtor.

Their goal is to help clients find their ideal house and transform it into their very own home, she said.

“We strive to not only support our clients during their transactions, but beyond the sale in all their real estate needs,” Spencer said. “Clients choose to work with us because of our honesty, patience and experience, which empowers them to make smart real estate decisions.”

In addition to Spencer, five other realtors make up the team – Teresa Adams, Orlando Argueta, Adrianna Cast, Kelly McCarthy and Kylee Pelton.

“We are a close-knit group that live in West County with children in Rockwood Schools. Not only do we love to work in the area, but we live in it,” she said. “We service everyone from first time home buyers to down-sizers and everyone in between. Because we all have children in school though, we

love working with young families and newly married couples.”

All their clients can count on their support, she said.

“Our unique team design ensures clients always have the support they need throughout the entire process because they remain with the agent they have chosen to become their primary point of contact from start to finish, but with the additional support of the extended team and assistants who are available when needed to ensure our clients’ needs are addressed without delay,” Argueta said.

In today’s fast-paced market, this connection ensures clients do not miss opportunities and gives them support when they need it to make decisions when time is of the essence, she said.

“Our hands-on concierge-style approach to real estate has proven to give clients real results,” Argueta said.

STLHP serves West County, St. Charles County and Mid County buyers and sellers.

“If you are seeking a realtor to help you buy/sell your home, or if you just have questions about the process, we will gladly chat with you, and when you’re ready, help guide you along whichever path you choose,” she said.
