

SENIORS HOME CARE & SAGE IN-HOME MEMORY CARE

Ryan Whittington CEO and Gretchen Whittington CCO

504 Marshall Avenue | St. Louis | 636.225.2600

seniorshomecare.com

Seniors Home Care has served the St. Louis area for 38 years. They continue to fulfill their mission to make "Home The Best Place to Live" by providing professional and compassionate in-home care through their four core values – Exceed Expectations, Help Others, Be Reliable and Find Solutions.

Ryan and Gretchen Whittington, second generation owners, lead Seniors Home Care with a focus on the company's North Star Journey - To Elevate and Serve Others in the Pursuit of Dignified Senior Care.

Clients appreciate how Seniors Home Care matches staff to clients' wants and needs; that the caregivers love their jobs; and that the office staff acts quickly to serve each client. All employees undergo drug testing, a thorough background search and complete a training program.

SAGE In-Home Memory Care, an offering unique to St. Louis, assists families who are challenged with dementia and memory related diseases and want to remain at home. Caregivers have certification through the Alzheimer's Association with specialized training in person-centered activity-based care.

Seniors Home Care is actively welcoming new families to assist. Call and talk with a member of their team today.
