

**Jennifer
Fowler,
D.V.M.**
Veterinarian

There is a new veterinarian in Ballwin. Jennifer Fowler, D.V.M. opened **Kehrs Mill Veterinary Care** this summer and is welcoming new patients.

The full service general practice cares for dogs and cats with wellness visits and urgent care with same day appointments and offers lab work, digital radiology, surgeries and hospitalizations. Dr. Fowler hopes to be the neighborhood vet for generations of pets. "I want my clients to know that I'm here to make their pets feel better and live as long as possible."

An open house to introduce Dr. Fowler to the community is planned for Oct. 29, between 1-3 p.m., featuring snacks and a doggie costume party. Stop by and say hello.
