

Quality, family flooring for 40 years

Brewer's Flooring has been in business since 1982 and is still owned and operated by the Brewer family.

Brewer's Flooring is knowledgeable of its products and knows how a customer wants to be treated. When customers first enter the showroom, they will see impressive displays and selections, packed with everything from entry-level products to the most unique and finest in the industry. There are no high-pressure sales tactics used, no tricks or gimmicks, such as free this and free that, and no inflated prices to then offer huge discounts. Brewer's Flooring values the intelligence of its customers.

The Brewer family still runs their business the same as when they opened their doors 40 years ago, treating every individual customer with honesty and respect while simultaneously offering competitive prices and professional installation.

Brewer's Flooring strives to have the best customer service and satisfaction in the industry. Even though customers have probably seen its ads throughout the years, Brewer's Flooring takes great pride in the fact that most of its business is still by word of mouth referrals.

Brewer's Flooring also does kitchen backsplashes, tub and shower enclosures, interior doors, baseboards, countertops, Hunter Douglas window treatments, and a whole lot more!

Those in the market for new flooring, whether it be carpet, tile, vinyl, ceramic, hardwood, or luxury vinyl tiles, etc., are invited to stop by the company's showroom for an experience "unmatched by the competition."
