

Dr. Dave Candy, PT, OCS, ATC, FAAOMPT

More 4 Life

14585 Manchester Road • Manchester • (314) 941-3970 • M4LPT.com

More 4 Life helps St. Louis women age 40 and above relieve pain naturally without pills, injections, or surgery so they can stay active, mobile, and healthy. Owner, Dr. Dave Candy, was recently voted Best Physical Therapist as well as #1 Health & Medical Provider in the St. Louis Post-Dispatch readers' poll.

Dr. Candy reflects, "When you come to our office, we treat you like family. You feel listened to, respected, and cared about. You get out of pain fast and get back to doing the things you love. That's why we have happy customers who voted for us."

More 4 Life isn't your typical physical therapy where you just do exercises. You'll find the root cause of your pain, have it explained to you clearly, and get a well-thought-out plan to fix the problem as quickly as possible.

More 4 Life is accepting new patients. Call 314-941-3970 to learn more and get a free copy of Dr. Candy's best-selling book, "Chronic Pain: You're Not Just Getting Older, You're Not Crazy, And It's Not All In Your Head" (\$19.95 value). 15 copies available.
