

**JULIE  
HAEFNER,  
REALTOR®**

For Julie Haefner, being a Realtor requires listening to her clients, asking important questions and being available seven days a week.

"You have to love it," Julie explained. "I'm driven to help clients buy their dream home or maximize the full potential of their sale."

"I grew up in Chesterfield and have lived in Wildwood for 26 years, so I know West County extremely well. I also preview about 10 homes each week, so I know what's happening in the market."

Her expertise in customer service, staging and the local market has placed Julie in the top 1% of Realtors for the past five years and the top individual agent in her former office for the past six. She recently moved to **Compass Realty** and is excited about the new opportunities she can offer her clients, including pre-market "Private Exclusives." Call today to learn more.
