

## ***That secure feeling from a neighbor you can trust***

Tania Interian, a State Farm agent since 2013 and a proud resident of West County, has the knowledge and experience to put together insurance plans that work for you.

"My team and I at the **Tania Interian Agency** in Des Peres take great pride in educating our clients so that they can make the best choices for protecting what matters most in their lives," Tania said. "We do this by getting to know our customers and presenting insurance and coverage options in a way people can understand."

Often times people do not fully understand the risks and adequacy of their insurance and coverage, she said.

"The difference in our agency is the personal attention and service we give our clients. We provide insurance consultations at no cost even for those who are not clients," she said.

Through State Farm, Tania can provide auto, home, business, life, health insurance and more. Choosing the right policy is important, she said.

"It is easy to choose the cheapest coverage, but this can leave you without vital protections that can end up costing you a lot more," Tania said.

Another unique feature at Interian's agency is that team members are fully bilingual, providing

all services in both English and Spanish.

The Interian Team also cares about the community they serve. "We are proud to give back to the community through a variety of sponsorships and activities," Tania said.

To discuss your insurance needs and learn what State Farm has to offer, contact Tania for a no cost quote or insurance consultation.

"I look forward to serving you," she said.
