

# Huntington for better grades, higher scores

*David Huguélet, center director*

**Huntington Learning Center** provides tutoring for students in grades K-12, as well as ACT and SAT preparation for students getting ready for college.

“Huntington is the oldest provider of supplemental education services in the U.S.,” said David Huguélet, Center Director in Ellisville.

Huntington Learning Centers have provided quality instruction to hundreds of thousands of students, and that kind of experience leads to strategies that work.

Individualized attention is key, Huguélet said.

“Every student starts with a comprehensive evaluation and every student has their own program based on their strengths and areas of opportunity,” he said.

Instructors tutor in reading, phonics, math and study skills; as well as advanced math and science subjects ranging from algebra through calculus and general science through physics.

In addition to outstanding academic results, Huntington Learning Centers help students build confidence and motivation to succeed.

Huntington also helps students score higher on important college entrance and scholarship exams like the ACT, SAT, and PSAT. Higher scores can mean better schools, more scholarship and financial aid opportunities, and more career choices in the future.

Huntington also provides flexible schedules for students with hours from 10 a.m.-8 p.m. Monday through Thursday and 10 a.m.-4 p.m. on Saturday.

Choose a program with proven results. Call Huntington Learning Center in Ellisville today.
