

KIKI KERCH, REAL ESTATE SPECIALIST

Kiki Kerch, CRS, ASP, SRES and SFR with *Berkshire Hathaway HomeServices Alliance* operates her business on three core values: Service, Professionalism and Integrity.

“I’m a problem-solver. I think of myself as more of a service provider than a salesperson.”

With 24 years of experience and a list of clients built on positive referrals, Kiki has the expertise to work with a wide array of clients in a large geographical area. She travels and helps prospective homebuyers across the St. Louis metropolitan area and in the surrounding St. Charles, Jefferson and Franklin counties.

Kiki has taught seminars for first-time homebuyers, and her certification as a Seniors Real Estate Specialist® means that she can help more mature home buyers downsize or find the right size home to retire into.

“I have worked with a diverse group of clients across a vast array of price points,” Kiki said. “I am diligent, with consistent attention to detail while ensuring my clients receive the best and most comprehensive attention to their needs.” As a certified residential specialist, Kiki has the training, the skills and the experience to make the purchase or sale of your home seamless.

A recent client had this to say – “I highly recommend Kiki to anyone seeking a real estate agent who prioritizes her client’s needs and delivers exceptional service without any pressure.” Call her today for professional service you can count on.
