

Personal planning for dream vacations

When January snow threatened, Elizabeth Sauer, owner of **Sweet N Sauer Travel LLC - Cruise Planners**, got busy revising travel plans.

"I was on the phone all weekend, helping my clients to get out ahead of the storm and meet their cruise ships on time," Elizabeth explained. "My job is to assist my clients with every detail: all the documentation they need, what to expect while traveling, especially when traveling in foreign countries, and resolving complications. I can't control everything, but I can help my clients pivot and make sure they still have smooth sailing."

Elizabeth Sauer, owner

A 20-year Air Force veteran, Elizabeth puts a special emphasis on service. She has traveled extensively and her clients benefit from those experiences by being able to ask questions face-to-face. That's not a service travelers receive from booking outlets or warehouse clubs. Plus, her services are free; clients pay only for their travel expenses.

As a full-service agency, Sweet N Sauer Travel LLC can book air and hotel packages, rental cars and land vacations in addition to cruises. She can also customize European tours.

"We specialize in Hawaiian and European travel but also do a lot in Mexico and the Caribbean," Elizabeth shared.

A CLIA Certified Accredited Cruise Counselor, Elizabeth is also a member in good standing with the American Society of Travel Advisors and a member of the International Air Transport Association. As a Signature Travel Network Affiliate, she can access group pricing on most vacations and the best discounts and bonus amenities available.

"If you want to travel, I can help you do it all!" Elizabeth exclaimed. "And, I give you a name and face to help solve any problem that may occur before, during and after travel."
