Do you have foot or ankle pain or a disorder such as plantar fasciitis, hammertoes, bunions or an ankle sprain? For more than 20 years, Warren R. Trampe, DPM, of **Deer Creek Footcare** has provided comprehensive foot and ankle care and podiatry services for people of all ages.

Known as a caring doctor and an excellent surgeon, Dr. Trampe is a podiatrist who can help patients with a variety of ailments including ingrown nails, heel pain, fractures, spurs, deep root calluses and sports injuries. In addition, he cares for people with diabetes and can provide outpatient surgery, if necessary, but only if it's necessary.

"I always will try non-invasive procedures prior to recommending surgery," Trampe said.

Patients at Deer Creek Footcare can expect friendly and knowledgeable service directly from the doctor. Dr. Trampe always sees patients himself. Dr. Trampe prides himself on providing expert quality care for all his patients.

"Our goal is to ensure that all of our patients receive the highest level of quality care and treatment," he said.
