

Call Clemente for all your insurance needs

Lisa Clemente

There's a lot to consider when purchasing insurance – that's why you want to do business with an experienced professional you can trust.

Lisa Clemente is that professional.

Lisa began working with Allstate more than 30 years ago, first in a claims office and in 2002 as the owner of **Allstate - Clemente Insurance Agency**.

Her experience gives her insider's knowledge of the claims process and she knows the policies she sells intimately.

"I love helping customers understand their coverage options and identifying risks or gaps, all while offering choices that fit their unique needs," Lisa explained.

Lisa works with clients in both Missouri and Illinois. Both she and her husband/partner, Joe, are focused on providing honest, personal

attention to their clients Monday through Friday with 24-hour agent accessibility through the company's national call line.

"We are a family business. Since day one, it has been me and my husband, which makes for personal interactions with customers," Lisa said. The family's Shih Tzu, Winnie, is the third member of the Clemente team.

"We offer auto and motorcycle, home and condo, business, renters, ATV and boat, and life insurance," Lisa said. "Our rates are competitive and we offer discounts for bundling, good students, new roofs and those who aren't driving as much. Our goal is always to make sure that our clients aren't over-insured or insurance-poor. We want every customer to feel assured that the coverage they have is exactly what they need."

Allstate®
You're in good hands.
