

EUREKA CONTRACTING | Rick Hinkson, president

128 S. Virginia Ave. | Eureka | 636.938.7663

eurekacontracting.com

Eureka Contracting & Roofing, LLC is a veteran-owned business headed by Rick Hinkson, who has over 30 years of experience in the construction and insurance industry. Working with some of the best and most skilled crews around, the company provides expertise in residential and commercial roof replacement, siding, fascia, soffits and gutters. But perhaps the experience customers value most is Eureka Contracting & Roofing's extensive insurance knowledge. Their team brings over 60 years of experience in the construction and insurance industry, working as adjusters for insurance companies and contractors completing storm repairs. They work with insurance companies not against them to meet their customers' needs. No-cost inspections without obligation are standard practice at Eureka Contracting & Roofing. Call the office at (636) 938-ROOF or Rick at (314) 614-0216 to learn more.
