

Quality, family flooring for 42 years

Brewer's Flooring has been in business since 1982 and is still owned and operated by the Brewer family; however, the company does have a new showroom and warehouse in Fenton. Located just off of South Highway Drive between Bowles Avenue and Larkin Williams Road, the showroom is about 5 minutes from the company's former location in Valley Park.

The Brewer family still runs their business the same as when they opened their doors 42 years ago, treating every individual

customer with honesty and respect while simultaneously offering competitive prices and professional installation. Brewer's Flooring staff is knowledgeable about all of the products offered and treats customers with the utmost respect.

When customers first enter the showroom, they will see impressive displays and selections, packed with everything from entry-level products to the most unique and finest in the industry. There are no high pressure sales tactics used, no tricks or gimmicks, such as free this and free that, and no inflated prices to then offer huge discounts. Brewer's Flooring values the intelligence of its customers.

Brewer's Flooring strives to have the best customer service and satisfaction in the industry. Even though customers have probably seen its ads throughout the years, the company takes great pride in the fact that most of its business is still by word of mouth referrals.

Those in the market for new flooring, whether it be carpet, tile, vinyl, ceramic, hardwood or luxury vinyl tiles, are invited to stop by Brewer's Flooring for an experience "unmatched by the competition." The showroom is open from 9:30 a.m.-5 p.m., Monday-Friday, and from 9:30 a.m.-2 p.m. on Saturdays.
