Missouri Karate Association's Annual Summer Camp for kids ages 5-12 takes place June 9-13 at its dojo in Ballwin. The camp offers a dynamic mix of karate training, games and team-building activities in a fun and disciplined environment. Led by national and international champion instructors, participants will build confidence, improve coordination and learn valuable self-defense skills. Child development experts agree that there is a direct correlation between cognitive learning and movement, especially movement that emphasizes balance and coordination like karate. Summer camp at the dojo presents the perfect environment for kids to break out of their shells, make new friends and feel a sense of belonging.
