

## ***New products, expanded services, free design help***

New owners Michael & Delayna Pascoe are bringing new products and expanded services to **Tile & Bath Service**. Now, they are planning to move to a new location just four doors down

Delayna and Michael Pascoe, Derek, Victor

in the same Wildwood Plaza on Clayton Road.

"This location has been good to us," said Delayna. "We just wanted a bigger, fresher space to enhance the customer experience and show more of our product."

The pair, who have more than a combined 40 years experience in the field, say that Tile & Bath Service's installers, quality products and customer service are hallmarks of excellence that customers can count on.

"Our experienced installers, Derek and Victor, are the same installers our clients

have known for many years and they are our employees, not subcontractors. We have a quick turnaround time once we start your project and offer free design help," Michael said.

Tile & Bath Service remodels bathrooms, only bathrooms, so they are experts in their field, and they can transform the whole room or one part at a time. Just pick your style, modern, traditional, transitional or whatever you like.

"Our experts will help you avoid common mistakes," Michael said. "We only sell quality products and materials that last, so you can count on a bathroom that lasts."

Tile & Bath Service can provide the options you really need. Large, small or custom, they can do it. The family-owned business will also have a continued focus specializing in aging in place designs, maintenance free showers and universal design bathrooms. To learn more, call Tile & Bath Service or visit their website and stay tuned for the grand opening in their new space just four doors down from their former showroom.
