SPOT LIGHT

BRIAN SWALLEY **SENIOR, ORESTIMBA HIGH**

Brian's activities on campus include painting a wall mural on the Orestimba gym as his legacy art project. The mural theme speaks to the importance of staying grounded and remembering your roots while shooting for the stars.

Brian's interests also include music, art and baking traditional Jewish foods such as bagels.

After high school he plans to attend a four-year college and get his bachelor's in mathematics, eventually to become a math teacher.

Math, he reflected, is much more than basic numerical functions.

"You can create things with math. Music is all math; you can make art with math," he shared.

PARENTS:

Michelle Swalley and the late Michael Swalley

PLACE OF BIRTH:

Santa Clara

SCHOOL:

Orestimba High

GRADE IN SCHOOL:

SENIOR

FAVORITE SUBJECT:

Math

FAVORITE TEACHER:

Mr. Powell
