## AUSTON MARTENS SOPHOMORE, ORESTIMBA HIGH

Auston Martens lit up the scoreboard throughout the Orestimba's recent frosh-soph basketball season, averaging 23 points per game (including 45 in one game) and rounding out his performance by averaging five steals, eight rebounds and four assists. Always athletically inclined, basketball is his favorite sport. "I like the fast pace and how it's competitive. I put a lot of time into it," said Auston, who also plays football, baseball and runs cross country at OHS.

When not practicing basketball for fun, Austin enjoys paint ball and hanging out with his friends. After graduation, Auston would like to play basketball and work in a hands-on field such as construction.
