CRYSTAL SANCHEZ
FRESHMAN, GUSTINE HIGH

Gustine High freshman Crystal Sanchez is quickly learning the ways of high school life, and successfully making the transition from middle school. “Going from eighth grade to my freshman year, I haven’t found to be difficult at all,” she said. “I kind of knew what to expect before coming in because my older brother filled me in.”

Crystal has decided to get involved with her student body by joining the FFA club, where she has enjoyed public speaking contests, meeting new people, and creating core memories. “Next year I think I want to join the tennis team, and also will be in FFA. I want to take on an animal project to be able to show at a fair,” she added.

Before her freshman chapter closes, Crystal says she would like to leave some words of advice for incoming freshmen next year. “Don’t stress about the little things, the feel of high school is just like middle school with new perks and a processes of maturing throughout the years to come.”
