SPOT LIGHT

OLIVIA RANGEL

FRESHMAN, GUSTINE HIGH

Olivia has enjoyed an active first year at Gustine High, where she was involved in the Drama Club, choir and yearbook photography.

The transition to high school was fairly easy, Olivia related, and she has “enjoyed just being able to be with the people I care about and to share more memories with everybody who has made life amazing.”

Her interest in photography has implications in Olivia’s career goal, she explained. She hopes to become a forensic scientist, Olivia said, and photography is an essential skill in that field.

Science is her favorite subject. “I have always been interested in everything around us in the world and how it all works together,” Olivia shared.

PARENTS:

Bryan and Dea McWilliams

BORN IN:

Needles

FAVORITE SUBJECT:

Band

FAVORITE TEACHER:

Mrs. Whitfield

FAVORITE FOOD:

Anything other than shrimp

FAVORITE SUPERHERO:

The Flash

FAVORITE APP:

YouTube
