SPOT LIGHT

IMANOL CARRILLO JUNIOR, GUSTINE HIGH

Imanol has a passion for art and drama, which he hopes to turn into a career pursuit.

Drawing is a form of personal expression, he shared, portrayed mostly through the cartoon characters he creates. He is also involved in the GHS Drama Club, and has five productions to his credit - including playing the role of the villain in a recent melodrama. "I love getting up on stage and performing. The rush is fun," Imanol stated. Those in the club, he added, are like a small, close-knit family. "There are a lot of good people in there," he related. Imanol hopes to pursue his studies in art and drama at Chico State.
