1 in 3 teens will experience physical, sexual, or emotional abuse in a relationship before they become adults. Advocates from YWCA's domestic violence program and Southwestern Behavioral Healthcare will discuss myths and facts related to teen dating violence, how to identify the warning signs of an abusive relationship, and how to spark proactive and responsible conversations with teens. For your convenience, we are offering two date/location options. Workshop is free.

A separate workshop for teens will take place at the YWCA on February 27th from 6:30-8:00 p.m. For more information about the workshops or about the YWCA's domestic violence services, call Victoria at (812) 422-1191 or email vmills@ywcaevansville.org.
