Entertainment, Activity and Learning!

Make plans for Summer Camps!

By Cassie Jones

With vaccines on the rise and some light at the end of the tunnel, now is the time to prepare for Summer Camp and School Open Houses. Many camps have put protocols in place to provide a fun and safe environment for your child to learn and play this summer. Peachtree Farms has moved to a ½ day camp format and reduced the number of campers to six. Other camps have adjusted their schedules to keep campers socially distanced and safe. There are many camps to choose from depending on your child's interest. Sports, horseback riding, traditional camp settings are all available to book this summer to get your child out of the bubble and into a camp where they can learn and thrive. Check out some of the offerings in our camp guide to select a camp that you are comfortable with and that meets your child's needs.

I think we are all looking forward to some warm weather and breaking from our usual routine!
