Re: Notice of No Trespassing

Dear Ms. Sturgeon:

As you know, there is currently a pending investigation concerning allegations that you carried a firearm onto property owned, used or operated by the Williamson County Board of Education, in violation of T.C.A. § 39-17-1309. I recognize that this is a challenging situation and regret having to send this letter to you.

Because of the allegation of a crime having been committed on school property involving a firearm, this letter is to notify you that you are not to enter any property owned, used or operated by the Williamson County Board of Education without written approval from Dr. Looney or any successor Superintendent of Schools. This restriction will continue until you receive written notice terminating the restriction. Upon resolution of the criminal investigation, this restriction can be reviewed and revised.

Any violation of these instructions will be reported to local law enforcement and may subject you to a claim of criminal trespass or aggravated criminal trespass. I remain ...

Sincerely yours,

William E. Squires
Attorney for WCS

WES:

xc: Mike Looney, Superintendent
Michael Fletcher, WCS Director of Safety
