Re: Announcement of Planned Plant Closure

To whom it may concern:

We are writing to provide notice that there will be a total closure of the Pressure Vessel Group facility located at 1119A Bridge Street in Tomahawk, Wisconsin. The facility closure is expected to begin on August 4, 2026.

The entire facility will be closed, and all employees at the facility will be impacted. This closure is expected to be permanent. The expected date of the first separation from employment will be August 4, 2026.

All affected employees have been notified of their separation dates and that their separation from employment will be permanent. Affected employees are expected to be separated from employment beginning on August 4, 2026, with all separations accomplished by December 31, 2026.

A total of 76 employees are expected to experience an employment loss as a result of the permanent closure of the facility. Employees who are not expected to experience an employment loss are not included in this count. Attached is a list of job titles of positions to be affected, and the number of affected employees in each job classification.

All affected employees are expected to separate from employment on August 4, 2026. There will not be any bumping rights for affected employees. Employees will not be able to displace more junior employees out of their positions as a result of this closure.

There is no union representing affected employees.

If you have any questions or would like additional information concerning this matter, please contact Chantalle Palke, Human Resources Director, at 708-686-1622.

Sincerely,

Chantalle Palke
Human Resources Director
