---

For immediate release:

In reference to Scott County canine, Rex.

After much deliberation regarding Rex's future, we feel that it is in the best interest of Rex and the citizens of Scott County not to retire him at this time. The overwhelming support of our canine program has been rekindled with the promise of continued support to keep Rex working for Scott County.

Rex's trainer has evaluated him and believes he still has much to offer as a canine officer. We appreciate those who have expressed an interest in homing Rex in his retirement, including two of his past handlers. Rex is a valued member of Scott County Sheriff's Office and has bonded not only with his handlers but also with our entire staff.

We look forward in continuing with our canine program as we serve our community.

Sheriff Wes Drury
