For Immediate Release:

Paducah NAACP:

Date: 10/27/2020

President JW Cleary

Today members of the Paducah McCracken County NAACP met with Dr. Donald Shively. Among those present were the NAACP President, NAACP members, a retired educator, community member, and parent representative. We met for approximately 2 hours to discuss the superintendent's blackface photo incident. Our stance has not changed, we are still calling for the resignation of the superintendent. During the course of the meeting Dr. Shively gave no indication that he intends to resign. We have requested to meet with members of the Board of Education as soon as possible to discuss the matter further.
