RE: Record of Written Reprimand Officer Justin Swope

On January 25, 2019 at 8:11 pm hours I met with Officer Justin Swope in reference to an incident which occurred over multiple days from December 2018 to January 23, 2019. Officer Justin Swope over the above described period communicated using an electronic device with a 15 year old juvenile female in or about Murray, Calloway County KY. Officer Swope during this period sent multiple texts and photos using Snapchat or other applications which were not age appropriate and had the potential to be misconstrued to the juvenile or others if viewed in or out of context. Such texts discovered in the investigation of the matter are unbecoming, of a police officer with the Murray Police Department. These communications are unacceptable behavior and does not represent the behavior expected of an officer with the Murray Police Department. Officer Swope was reprimanded and I request a permanent copy of this document be forwarded to Officer Swope's personnel file.

Internal Investigation

1-22-19

On 1-22-19 at approximately 1:22 pm I received a call from Major Chris Scott regarding a possible employee issue. Major Scott advised he had been contacted by Sgt. Timmons regarding information he had obtained from Officer Anna Wicker. Major Scott gave me an overview of the information and I advised him I would make contact with Officer Wicker who was currently at the Murray Police Department.

On 1-22-19 at approximately 1:26 pm I made contact with Officer Wicker and Det. Wiggins in his office. Upon arriving at Det. Wiggins's office I asked for a synopsis of the information Officer Wicker had. Officer Wicker stated she had been informed of some inappropriate Snap Chat conversations between Officer Justin Swope and a Juvenile. I then advised her we needed to go to my office to discuss this matter further.

On 1-22-19 at approximately 1:31 pm Officer Wicker and I arrived at my office. I then asked her to start from the beginning and explain to me how she came about the information and what the messages contained. She stated she is friends with the juvenile and they text or Snap Chat regularly. She stated she received a message from the juvenile on 1-21-19 but did not respond to the message till the morning of 1-22-19. She stated the Juvenile asked "Talking to Swope on Snap Chat is ok right? Because he is a good guy right?". Officer Wicker replied with "Yea, as long as your mom knows". Juvenile replied "Ok she knows. You're sure he is good tho right". Juvenile went on to ask "Promise". During further conversation back and forth the juvenile stated Officer Swope had made some statements that made her somewhat uncomfortable. She stated he had commented on a filter she had used in a message that was an emoji with hearts on it. She stated Officer Swope replied to her about this "be careful using that filter I may fall for you" Juvenile further stated Officer Swope had told her about a dream he had and it involved kissing her.

Juvenile was then asked did he say anything else and she stated yes. She stated she had mentioned she had fell while taking Tae Kwon Do and sent him a picture of the bruise. Officer Swope then commented that "oh you have nice legs also". Later in that same conversation she mentioned she did not post any pics of her at the lake because she didn't think she looked good in the pics. He asked for a pic of her at the lake. Upon her sending the pic it showed in Snap Chat that Officer Swope had saved the picture she had sent.

On 1-22-19 at approximately 2:10 pm Chief Liles arrived back at the Police Department. Officer Wicker and I informed him of the information we knew about the situation at this point. I advised him we had taken photos of the messages between Officer Wicker and juvenile regarding this matter. I advised him the juvenile may send more information this afternoon regarding the messages. I asked if we could see what other information may develop over night from the messages and meet back at approximately 8:30 am on 1-23-19 to photograph any new messages before continuing the complaint. He advised to proceed and keep him informed of our findings. I then advised Officer Wicker to see what other information the juvenile may divulge and meet back with me on 1-23-19.

On 1-23-19 at approximately 7:38 am I spoke with Officer Wicker and asked if she had any new information. She stated she did and asked what time we need to meet. I advised her to meet me and Major Scott at my office around 9:00 am and she agreed.

Officer Wicker arrived at approximately 9:15 am and stated she had learned some more information over night from the juvenile. She then showed me the messages she received from the juvenile and I photographed them so we could retain copies. Officer Wicker advised the juvenile she should refrain from talking with Officer Swope in the future. After photographs were taken and our meeting with Officer Wicker was completed she was informed this matter is confidential and not to speak to anyone about it.

On 1-23-19 after speaking with Officer Wicker copies of the photographs were made and they were numbered to keep in order. Major Scott and I looked over the new messages and agreed the matter needed an internal investigation. Major Scott spoke with Chief Liles about the messages and he asked that we get the information together and meet with him to discuss how to proceed.

On 1-23-19 at approximately 2:30 pm Major Scott and I met with Chief Liles and Human Resources Director Cathy Morris to further discuss the matter. During this meeting Director Morris was allowed to read the information we had at this point. I recommended we conduct an internal investigation into this matter. Chief Liles and Director Morris agreed and contacted the City of Murray Legal Representation to ensure all the criteria was met. After Director Morris spoke with the legal department it was determined we needed to follow guidelines established under KRS 15.520. Chief Liles then stated he would like to serve Officer Swope with a 48 notice for the intent to interrogate. Chief Liles also asked that he be placed on paid administrative leave pending the outcome of the investigation. After the proper documentation was completed regarding his requests Officer Swope was contacted to come to the Murray Police Department to meet with Major Scott, Director Morris and Myself.

On 1-23-19 at approximately 04:22 pm hours Officer Swope arrived at the Murray Police Department and we began our meeting. Major Scott first had Officer Swope sign the notice that the meeting was being recorded, then the notice to interrogate on January 25th at 5:30 pm. Major Scott then advised Officer Swope he is being placed on paid administrative pending the outcome of the investigation and he would need to turn his weapons, badges and identification. Officer Swope stated all the items were down stairs. I then advised Officer Swope to not have any contact with the juvenile named in our investigation and provided him the name. Major Scott advised him not to be at her residence or have any contact with the family. We then went with Officer Swope to his locker and obtained his weapons, identification, badges and key fob and escorted him from the building. I then placed his weapons in the safe and his other items were placed in an envelope and turned over to Chief Liles.

On 1-23-19 at approximately 4:50 pm I was informed by Officer Wicker she had received a phone call from Officer Swope but did not answer. She asked if he had been placed on notice. I advised her I cannot comment on that. She further stated she had just received a message from Juvenile stating her mother had come to her room upset and stated she needed to speak with her but not at that moment and asked Officer Wicker if she had told her mother about the messages. Officer Wicker advised she had not. When Officer Wicker later asked the juvenile what was wrong she indicated she did not want to talk to her. I felt at this point Officer Swope may have contacted the family regarding his suspension. I then took photographs of the latest messages and advised Officer Wicker to not discuss this matter with the family or anyone else.

On 1-23-19 at approximately 5:10 pm I contacted the mother of the Juvenile [REDACTED] and advised her we had been made aware that one of the Murray Police Department Officers maybe sending inappropriate messages to her daughter. I advised we are conducting an internal investigation in the matter and asked if I could speak with her daughter on 1-24-19 regarding my investigation. She agreed to cooperate fully and have her daughter at the Murray Police Department on 1-24-19 at approximately 3:30 pm for an interview.

On 1-24-19 at approximately 2:15 pm Mrs. [REDACTED] and her daughter arrived at the Murray Police Department. Upon their arrival I spoke with Mrs. [REDACTED] and explained the investigation to her and allowed her to read the text messages we had recovered. During this conversation Mrs. [REDACTED] explained to Major Scott and myself she and her daughter went over all the messages last night. She stated when she first read the messages she was upset. She then asked her daughter to explain the context of the conversation around things that Officer Swope had said. During this conversation she learned the messages seemed to be small portions of a larger conversation. She stated when her daughter explained the conversation she and Officer Swope were having around the messages they were not as they appeared by themselves. She stated after speaking with her daughter and looking over all the conversations and seeing any pictures he had sent she had now doubt the messages in question were harmless. She stated she and her family are very close with Officer Swope and know that he cares for both her kids greatly and would never do anything to harm them. I asked Mrs. [REDACTED] if she would provide me a written statement regarding the conversation with her daughter about the messages. Mrs. [REDACTED] fully agreed to and completed a sworn affidavit for me. I then asked if we could interview her daughter to see if there is any more information regarding the messages we did not know. She agreed to allow us to speak with her.

On 1-24-19 at approximately 3:36 pm after speaking with Mrs. [REDACTED] Major Scott and I began an interview with Mrs. [REDACTED]'s daughter with Mrs. [REDACTED] present in the room. I explained to her she was in no trouble at all and we were conducting an internal investigation into some text messages sent to her by Officer Swope. I then showed her the copies of the messages and pointed out the ones we had in question. I then asked her to explain the context of these conversations as they were happening between her and Officer Swope. She explained each message as we went through them. Most of the comments he had made she stated were to make her feel better about herself because she was being picked on at school or her brother had been saying she was ugly. One of the messages she had sent to Officer Wicker was about Officer Swope tickling her. I asked has Officer Swope ever touched you in an adult manner or any place that made you feel uncomfortable. She stated no he has never done anything like that. Mrs. [REDACTED] stated she has never been alone with her daughter she has always been present. Major Scott asked the juvenile what about her text with Officer Swope made her uncomfortable enough to reach out to Officer Wicker and ask her about him. She stated that Officer Wicker has always told her to let her know before she talks to men on the internet after she had an issue with a person on Twitter. She felt she needed to let her know about talking with Officer Swope. When I followed up on Major Scott's question about her statement that he had said things that made her uncomfortable. She could not give a clear answer as to what she meant by that. The interview was then concluded after we made sure she did not have any questions for us which she did not.

On 12/25/19 at approximately 10:45 am Major Scott received a message to call [REDACTED]. Major Scott and I went to his office and he placed a call to Mrs. [REDACTED]. She stated she wanted to follow up on a few things from yesterday. 1) She had gave us the wrong prescription name for a medicine her daughter was taking and she corrected that. 2) Mrs. [REDACTED] stated that her daughter stated to her that she contacted Officer Wicker regarding the messages because she was looking for reassurance it was ok to chat with Officer Swope. Mrs. [REDACTED] stated she has had two of her teachers fired for inappropriate contact with students and her daughter had also been messaged on twitter by a person making inappropriate comments in the past. She wanted Officer Wicker to confirm it was ok to speak with Officer Swope. 3) Mrs. [REDACTED] stated her son has teased before about either her or her daughter being Officer Swope's girlfriend. She stated when this has happened Officer Swope was always quick to say "no let's not say things like that it can get me in trouble". She also stated [REDACTED] and Officer Swope have been wrestling and [REDACTED] would say get mom or his sister and Officer Swope would say that would not look good for me to do that. 4) There was a comment made about her legs and a bruise. Mrs. [REDACTED] stated Officer Swope called her after that conversation about her leg and asked Mrs. [REDACTED] how her daughter was doing because he was told by he she thinks she passed out. Mrs. [REDACTED] stated she had only told her she had fell and nothing about passing out. She stated she felt it may have been more embellished when she was talking to Officer Swope for more attention. Mrs. [REDACTED] stated she had just been thinking about these things and wanted to let us know and wanted the situation cleared up.

On 1/25/19 at 5:30 pm Major Scott, HR Director Cathy Morris and I interviewed Officer Justin Swope at the Murray Police Department room 110. Officer Swope was first made aware the interview would be recorded and he was asked to sign a notice of that. I then read Officer Swope the Garitty statement and made sure he understood it which he stated he did. I then asked him to sign the statement showing that he understood and it had been read to him. I then began the interview with him by explaining how the investigation and how it developed. I then asked him a few questions regarding the start of his relationship with the juvenile in question. I then presented him with the text messages I had noted and explained I needed his explanation of the meaning behind them. We then went through the messages that I had noted in my questions form. Officer Swope began to look over the messages and explain them as he went through them. During the start of the conversation about two to three messages in Officer Swope stated he totally understands how these messages look from the outside looking in. He stated he has quickly realized he has blurred the line between being a friend and 15 year old girl. He stated references he made during these conversations were attempts to encourage the juvenile as she has low self-esteem and gets bullied at school. He stated none of the messages he has ever sent were meant to be sexual in nature. He stated looking at them and not knowing the whole family dynamic and contexts of the full conversations he sees how quickly someone could draw that conclusion. We continued on through the text messages and the same explanation continued through the interview. This was the same explanations expressed from [REDACTED] the mother of the juvenile and the juvenile herself during their interview.

During the interview I asked Officer Swope about question 5M regarding saving pics of the juvenile in a bikini top and shorts while at the lake. Officer Swope stated these pictures were sent in the message section of Snap Chat and not as a Snap Chat. He stated when opening the messages he accidentally saved the messages as he was not familiar enough with Snap Chat to know how to open the message containing the pictures. Officer Swope stated as soon as he realized he had saved the pictures he

Officer Justin Swope
Internal Investigation
1-22-19

deleted the pictures. I went over this question a few times and few different ways and his statement did not change and I did not notice any visual signs he may have been lying.

Throughout this Officer Swope's Interview he seemed to be honest and open. I did not notice any signs of deception in his behavior. Officer Swope at times broke into tears and express how embarrassed he was over people he looked up to and worked with must be thinking about him right now. At the end of the interview I asked Officer Swope if he had anything he would like to add or anything else he might want to tell me that might turn up during my investigation. He stated he had no questions and he knew of nothing that would turn up. The interrogation was completed and Officer Swope was advised he would be contacted as soon as the investigation was complete.

I have looked over the messages several times. During the initial part of my investigation I was very concerned about the content of the messages. However I have now interviewed the mother, juvenile and Officer Swope and have a better informed understanding of them and their friendship. The mother and juvenile have both stated nothing in the messages concerned them even though the juvenile initially expressed concern about the messages to Officer Wicker [REDACTED] stated Officer Swope will continue to be a part of their family and a friend. It is my opinion based on statements from the family and Officer Swope the messages sent were part of a larger conversation and taking out individually they did look inappropriate. I feel Officer Swope had lack in judgment by not keeping a bright line professional relationship between the female juvenile and himself. I feel he allowed himself to get too comfortable in his communication between he and the juvenile. Based on statements made by all parties I do not see any violations of Kentucky State Law. I do feel Officer Swope has violated Murray Police Department Policy **MPD 1111 category III section SS: Taking any action, which will impair the efficiency or reputation of the department, its members, or employees.** My investigation is now completed and I will be forwarding my final report and findings to Chief Liles for his review.
