

Do you need Narcan?

Narcan Nasal Spray is used to reverse opioid overdoses and can be administered when a person shows symptoms of an overdose. It has no other side effects, even if accidentally ingested.

1. **Talk to a member of Library Staff at the 1st Floor Information Services Desk.**
2. **Library Staff will be able to assist you with viewing the PAHC Narcan Training Video.**
3. **Upon completion of video and quiz, return to the Library Staff Member to get your box of Narcan.**

If you have questions, please speak to Library Staff at the 1st Floor Information Services Desk or call them at (270) 442-2510 ext. 119
