Subject: Plant Closing located at 219 East 4th Street Fulton, KY 42041

Dear Michelle DeJohn

The Company operates a fluid milk processing plant in Fulton, Kentucky. The plant closing will result in 52 positions being eliminated. The actual last day of operations will be June 30, 2018 and employees will be provided severance pay and benefits, which will begin after the closure.

The Company will continue to operate a distribution operation in Fulton, which will continue to employ approximately 12 people.

If you have any further questions please contact me at 270-472-2313.

Sincerely,

A handwritten signature in black ink, appearing to read "David Atchley", with a stylized flourish at the end.

David Atchley
General Manager
Prairie Farms Dairy, Inc.
