PUBLIC PLANNING MEETING PRESS RELEASE

FOR IMMEDIATE RELEASE

CARBONDALE –

The Carbondale Park District and the City of Carbondale are continuing work on a master plan for the improvement and growth of the parks and green spaces in Carbondale.

On Tuesday April 30th, at 5 PM at City Hall, there will be a Public Planning Meeting that will last about 1-2 hours. This meeting will be an opportunity for citizens to gather and form sub-groups to discuss what they feel is needed to move forward with these projects. This will be the first of several meetings of this nature.

In February, a survey was launched to gather information and feedback on what our citizens would like to see done with our parks and green spaces in our community. From here, focus groups will meet to discuss information that was gathered from these surveys.

For more information contact the Carbondale Parks District at 618-529-4147.

“Carbondale prides itself on providing its visitors, students, businesses and residents with a unique mix of edge and ease. It’s a cultural town, yet free of pretense, embracing the great outdoors as readily as urban sophistication. Here, we are open to new ideas, experiences and cultures, so you are encouraged to both express yourself and be yourself, in all ways. That’s Carbondale...All Ways Open... for family, fun, business, new ideas and a bright tomorrow.”
