County	Public Transit Agency	Phone	COST	Restrictions
Federated Transportation Services of the Bluegrass, Inc. (FTSB) will transport any person needing a vaccine to the location and back home for free in the following countries, which they serve:				
Fayette	FTSB	1-888-848-0989	Free	MASKS Required
Bourbon	FTSB	1-888-848-0989	Free	MASKS Required
Harrison	FTSB	1-888-848-0989	Free	MASKS Required
Nicholas	FTSB	1-888-848-0989	Free	MASKS Required

Rowan **FTSB** 1-888-848-0989 Free MASKS Required

FTSB has a deviated fixed route, intercity and demand response in Rowan County.

If trips are scheduled for Rowan County they will be free. It could be difficult if they were riding the deviated fixed route at bus stop. The driver would not know where they were going for a vaccine and know the trip would be free. Trips are only one dollar per trip or 50 cents for disabled persons.

Anyone requesting FTSB to take them for free vaccines they just need to contact our call center at 888-848-0989.

Under Medicaid
 Anyone under FTSB's NEMT program for Medicaid will be covered for free vaccines in the following areas:
 Region 6 - Jefferson, Bullitt, Shelby, Spencer, Henry, Trimble and Oldham Counties
 Region 9 – Boone, Kenton, Campbell, Grant, Pendleton, Owen, Carroll, and Gallatin Counties
 Region 10 – Fayette County
 Region 11 – Bourbon, Harrison, Nicholas, Montgomery, Clark, Madison, Estill and Powell Counties

If there are public individuals in FTSB' brokerage areas needing vaccine transportation we will see if we have the availability to assist with those individuals where transportation is not available.
