Community Update: Internal Audit Results and Personnel Status

Dear Community Members,

As the Board promised to you, we are writing to provide an update on the recent internal audit the Board directed to be conducted regarding the District's financial operations.

Audit Findings

To ensure the highest level of fiscal accountability, the District hired Baker Tilly, a well-regarded advisory firm, to conduct an exhaustive and independent internal audit of all financial activity involving the Business Office from August 1, 2025, to February 3, 2026.

The results of this audit were recently presented to the Board of Education. We are pleased to report that the firm found no evidence of fraudulent activity. Our bookkeeping and financial records were found to be fully aligned with standard accounting practices.

Commitment to Oversight

The District maintains rigorous safeguards and internal controls designed to prevent fraudulent activity and protect taxpayer dollars. Our commitment to financial integrity remains our top priority.

We appreciate your patience and continued support of our schools as we navigate this matter with both fairness and diligence.
