

State of Wisconsin
2021 - 2022 LEGISLATURE

LRB-4874/1
EHS:amn

2021 BILL

1 **AN ACT** *to amend* 20.370 (1) (hs) (title) and 29.063 (1); and *to create* 20.370 (1)
2 (he) of the statutes; **relating to:** funding for chronic wasting disease research
3 and management, technical colleges, and special education aid and making an
4 appropriation.

Analysis by the Legislative Reference Bureau

Under this bill, the Department of Natural Resources may research chronic wasting disease (CWD) in cervids, in addition to managing and providing funding to conduct testing for CWD, which DNR is authorized to do under current law. A cervid is any species of deer or elk that is present in the wild and that is not a farm-raised deer. The bill also appropriates \$1,000,000 annually from the general fund in fiscal years 2021-22 and 2022-23 for research on and management of CWD. Current law appropriates no money for this purpose.

The bill also provides additional funding for state aid to technical colleges and for special education aid the Department of Public Instruction pays to school districts, independent charter schools, cooperative educational service agencies, and county children with disabilities education boards, for purposes of maintaining compliance with maintenance of effort requirements of the federal Consolidated Appropriations Act and the federal American Rescue Plan Act.

BILL

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
