Michele Magadance Skinner to Run for Wisconsin State Senate

[Altoona, WI] Michele Magadance Skinner announced today that she is seeking election to the 31st Senate District following the retirement of Senator Jesse James, and issued the following statement:

“Senator Jesse James has been a champion for our community and I thank him for his service in the State Senate and Assembly. The people of the 31st will miss his dedication, candor, and ability to always do the right thing.”

“I am running for State Senate to follow Senator James’ lead and continue his work improving access to healthcare and lowering the cost of living.”

“On the Eau Claire County Board I have seen firsthand the impact the state government can have on our community. Hardworking families deserve a Senator in Madison who will roll their sleeves up, work across the aisle, and deliver. That’s what Senator James did, and that’s what I will do as your next State Senator.”

“I am thankful for the support and endorsement from Senator James. It is time for a new chapter and I invite you to join me as we move forward together.”
