

# Tuscaloosa Police Drones

## By the Numbers

**3** Minutes to respond

Using remote launch sites, Tuscaloosa Police can deploy a drone to survey a scene in just three minutes.

**4** Remote launch sites

Located throughout the city. Aside from the one on the TPD headquarters roof, the other three locations are confidential.

**20+** Drones in use

- Between the remote units, standard drones, and specialized surveying drones, there are more than 20 on-hand at TPD.

**2,000** Flights per year

In one year, the DFR program logged 2,000 flights! That's more than 5 flights per day!

**\$1.2 million**

The price tag when Mayor Walt Maddox proposed the state's first drone first responder program in 2024.
