On May 8, 2014, John was diagnosed with a stage 4 malignant brain tumor. He passed away nine days later, on May 17, 2014.

John was very active in the community with coaching, including assisting with the De Soto Basketball and Football Teams as well, as the State Champion Onalaska American Legion Baseball Team. He worked with children at a residential youth center in La Crosse.

John Cina Seven is made up of the family and friends he has left behind. This annual tournament raises funds for a scholarship in memory of John, promotes youth and sports in the Genoa, DeSoto, Stoddard and surrounding areas, and helps neighbors in need—upholding the things that meant the most to him.

John Cina Seven is John's legacy—so that he may live on in the communities he so faithfully served.
