

# REFERENDUM

Vote April 5, 2022

## BALLOT QUESTION

- The School Board announced as part of the non-recurring operational referendum its intent to establish a mill rate of \$8.32. This is the lowest mill rate in over 20 years.
- The Board is asking to exceed the revenue limit by the following amounts for the next three fiscal years:
  - 2022-2023: \$2.50 million
  - 2023-2024: \$2.50 million
  - 2024-2025: \$2.75 million
- The District is looking to maintain our current level of funding plus \$600,000 in the first two years of the referendum to account for inflation and rising costs of materials.

# PRIORITIES

Continue top level  
programming &  
maintain quality services

Continued district  
maintenance and facility  
upgrades

Keep and maintain  
competitive wages with  
our other local school  
districts
