Narrative

Yakima Police Department - Incident Narrative Report

Incident #:

16Y024922

Synopsis:

Police responded to a domestic disturbance in Yakima. Upon arrival, shots were fired resulting in the death of a Yakima citizen. Police detectives responded to the scene and additional interviews and follow up investigation was conducted.

Narrative:

On 6/10/16 at 1718 hours, I was dispatched to 2125 South 68th Avenue in Yakima regarding a domestic disturbance between male roommates. Dispatchers advised the person calling 911 did not have a visual on the males, but advised that based on what could be heard, the situation sounded like it was occurring in the garage of the home and stated that it sounded physical. Based on the information provided, I responded to the address from South 1st Street and East Spruce Street code 3.

Officer B. Althauser was closer to the address than I was when the call was dispatched. He informed dispatchers over the radio that he was available to respond to the call and drove toward the location. Sergeant R. Wisner also noted over the radio that he would respond to assist on the call.

While I was still driving, I heard Officer Althauser state over the radio that he was arriving at the listed address. Officer Althauser stated soon after that there was damage to the garage as though someone had hit it with a vehicle.

Not long after hearing Officer Althauser on the radio, I heard Sergeant Wisner talk on the radio, stating something to the effect that there was someone in the garage. Based on his statements and the information provided, it was clear to me that Sergeant Wisner was talking to Officer Althauser over the radio regarding the above comments.

While driving into the area of the home on Crestfields Road, I heard Sergeant Wisner call out repeatedly on the radio, "Shots fired!"

When I arrived at the 2125 S. 68th Avenue address, I saw two patrol vehicles parked close to the residence. Sergeant Wisner's vehicle had been driven onto the home's driveway and the front of the vehicle was facing the garage. I saw damage to the garage door, noticing it was forced outward from the inside. I heard voices inside the garage and immediately entered the garage to assist Officer Althauser and Sergeant Wisner.

When I entered the garage, I there were two vehicles parked inside. I saw a Hispanic male in a wheelchair right at the damaged garage door on the far west side of the garage. The male in the wheelchair was crying out and motioning his hands and arms toward another Hispanic male that was prostrate on the floor of the garage. Blood was pooling from the area of the prostrate male's upper torso.

Officer Althauser was kneeling down next to the prostrate male. Sergeant Wisner was next to the male in the wheelchair and as I was entering the garage, both

Officer Althauser and Sergeant Wisner started tending to the injured male.

The male in the wheel chair was clearly upset that the male on the garage floor was bleeding and injured. Unsure of what events lead up to the situation I had walked into, unsure if the man in the wheelchair was armed or assaultive, I held onto his wirsts as he moved his arms around, gestured toward the male and cried. While this was taking place, Officer Althauser rolled the body of the prostrate male to the side. I saw a long barreled revolver with blood on it. The gun had been under the body of the prostrate male.

Officer Althauser picked the gun up, looked at it then told me that he didn't know how to secure it. I told him to hand the gun to me. He handed me the gun and I knew I was not familiar with how to secure the older looking revolver either without taking time to study it. I decided to carry the gun to my patrol car and I placed it in my patrol vehicle's front passenger floorboard.

After putting the gun in my patrol car, I immediately grabbed my heavy vest which has a first aid kit woven through the molle pouches. I ran the first aid kit to Officer Althauser and Sergeant Wisner as they rendered first aid on the male.

Officer S. Grant arrived at the scene and together, we pulled the damaged garage door off the railing of railing it had already partially been taken out of. We moved the male in the wheelchair out of the garage and pulled the garage door off the railing to give paramedics quick access to tend to the injured male.

As soon as the male in the wheelchair was pushed out of the garage, Officer Grant asked if the residence had been cleared for safety purposes. I told him no. Together, he and I cleared the residence.

Inside the home, we saw that the front door had been barricaded by some sort of a door or panel. We also saw that there was a pit bull looking dog in the homes north west bedroom. No person, victim or assailant, was located inside the home.

After clearing the residence with Officer Grant, I exited the garage and saw numerous Yakima County Sheriff's approaching the home to assist with the case. I retrieved yellow crime scene tape from my patrol vehicle and requested aid from the Sheriff's Deputies to tape off the east side of the listed address.

Once I taped off the southwest, west, and northwest portions of the property, I started a log detailing officers and firefighters that entered and exited the crime scene tape on the north side of the scene. Officer C. Escamilla arrived at around that time and started a log for entry/exit through the south side of the scene. The log was turned over to dispatcher B. Sides at 19:20 hours.

I later learned that Yakima Fire Fighters with Engine 251, notified dispatchers that the injured male was deceased at 17:39 hours.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #: 16Y024922

Synopsis: Shots fired

Narrative: On 06-10-16 I was in a marked YPD patrol car in full uniform working as C1 in vehicle #1469. At approximately 1720 hours I was clearing a call at 602 East Yakima Ave of a possible assault. I heard over the department issued radio a unit call out "shots fired". From my training and experience I knew voice calling out "shots fired" to be Sgt Wisner. I got on Channel 2 and asked his location. Dispatch confirmed that Sgt Wisner and Ofc Althauser were out at 2125 South 68th Ave for a possible DV. I activated my emergency lights and responded code three.

Upon arrival I parked around the block due to many officer already being on scene. As I approached the scene Ofc Graves was outside the yellow tape and had started a log of who was entering and exiting the crime scene. At this point I stayed outside the yellow crime scene tape.

Sgt Janis brought out a witness outside the tape so I could speak to him. This witness was in a motorized wheelchair. As I began to speak to him I advised him that we were being recorded. While speaking with this male, I could tell that English was not his best language. I asked that male if he preferred to speak in Spanish and he said that he did. I knew Ofc Soptich who was close by spoke Spanish so I asked him to come speak to the witness.

I then made contact with Sgt Janis and asked if I needed to interview witnesses who were grouped on the other side of the crime scene. Sgt Janis asked if I could do that. One officer said that a male in an orange shirt was outside then this happened and he might be a possible witness.

I entered the yellow tape and crossed the crime scene on the sidewalk and made contact with the group of possible witnesses on the other side of the crime scene.

I made contact with witness Toennis, Terry J 11-10-52 who was wearing an orange shirt. Terry stated that he was outside when the incident happened. Terry said that he saw the officers yanking on the garage door. Terry said that once the officers went inside he heard commands that sounded like "Stop" or "Ressisting". Terry said that he wears a hearing aid and could not be certain of the exact wording. Terry said that he then heard three shots. Terry's house is at 2127 South 68th ave and he was not able to see inside the garage.

I spoke with witness Toennis, Denise R 01-25-53 who also lives at 2127 S 68th ave. She stated that she was in the bathroom and didn't hear anything.

I contacted a male who was in the group identified as Griffin, Larry C 09-17-38 who lives as 2201 South 68th Ave. Larry stated that he is hard of hearing and did not see or hear anything.

I made contact with witness Kegley, Jordan L 06-14-94 06-14-94 who was at 2207 S 68th Ave with some friends in the front yard. Kegley stated that he saw the officer arrive and approach the door. Kegley said that the officers were banging on the garage door and then began ripping the garage door off. Kegley said that once he went inside that he heard 3 gunshots. Kegley was not sure if

anything was said prior to teh shots being fired. While speaking with Kegley I had separated him from the group and had advised him that we were being recorded.

I then made contact with Thornton, Jon W 09-20-88 who lives at 2207 S 68th Ave and was outside with Kegley and Thornton's wife. Jon said that he watched as the officers arrived and approach the garage. He said that he saw the officers pulling or prying at the garage door. Thornton said that once the officers were inside the garage that he heard yelling and then heard three shots. Thornton said that he was too far away to understand what was being yelled. Thornton was also not able to see inside the garage from where he was at. While speaking with Thornton I had separated him from the group and advised him that we were being recorded.

I then made contact with witness Thornton, Amie E 10-22-85 who lives at 2207 S 68th Ave. She stated that she was in there driveway with Jon, and Jordan Kegley. Amie stated that she saw the officers arrive and then saw them prying on the garage door. Amie said that she heard shots and ran to get her 9 year old child who was playing at a friends house. Amie said that she did not see or hear anything else. I had separated Amie from the group while speaking with her and advised that everything we were saying was being recorded.

I then spoke with Clark, Brean N 03-11-86 who lives at 2205 South 68th Ave. Brean stated that she had just got home a few minutes prior to the incident. She stated that when she drove by the house the officers had not arrived yet. Brean stated that she was inside the bathroom blow drying her head when she hear 2 loud bangs. Clark was uncertain as to what it was. Clark was advised that everything we were saying was being recorded.

At this point their was nobody else in the group that was home when the incident happned or heard or saw anything. I made contact with Sgt Moore who advised me that I was good to clear and go back to my beat. I was then advised by Sgt Janis that detectives would like to speak to witnesses at the station.

I made contact with Kegley and asked if he would mind going to the police station to speak with detectives. Kegley said that he would gladly go to the station. I spoke with Jon Thornton and asked if he would mind going to the station to speak to detectives and he said that he would not mind. Thornton transported himself to the station and I transported Kegley in my marked patrol car. Once in my patrol car I activated my COBAN and had it running for the entire trip to the station

Once at the station I had Kegley wait in the front lobby until detectives could interview him. I attempted phone contact with witness Terry Toennis and he did not answer his phone and no voicemail was set up.

I cleared the department and wrote my report later in the night.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #: 16Y024922

Synopsis: Domestic incident resulting in an Officer involved shooting.

Narrative: On June 10, 2016 at approximately 1730 hours I, Officer C. Escamilla heard via my portable radio Officers at a domestic incident at 2125 S. 68th Avenue call, "Shots Fired!"

I detailed to the scene via code 3 response and was directed on scene to cover the south side perimeter of the yellow crime scene tape covering the south side of the listed residence, stretching across the road, and tied to the residence across the street from the listed location. While on perimeter, a group started to gather. I inquired with the group of anyone had seen or heard anything. Only one male subject said he saw something and I separated him from the group and spoke with him independently. I advised him our conversation was being recorded and he identified himself as Edgar Rosales. Edgar then proceeded to tell me the following: he was driving home (2209 S. 68th Avenue) at approximately 1710 hours when he looked over at his neighbor's house (listed location) and noticed a Caucasian male subject which he's never seen there before. He also noticed the resident (male in a wheelchair) who does live there inside the garage. Edgar said what caught his attention at first was that the unknown male was standing outside of the garage door and appeared to be prying it open. He then noticed the resident (male in a wheelchair) was inside the garage next to the front passenger gray car parked inside. Edgar said he didn't think much of it after he noticed the resident (male in a wheelchair) was there and drove home. Edgar said he did not hear anything since he had his car windows up and music playing.

I maintained perimeter up until the yellow crime scene tape area was shortened at 1812 hours and was detailed to park my patrol vehicle #1452 in front of the driveway, just outside the yellow crime scene tape. At 1854 hours, Officer M. Williams relieved me from perimeter and concluded my involvement.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

20:05:30 06/10/2016 - Soptich D
Yakima Police Department - Supplemental Narrative Report

Incident #: 16Y024922

Synopsis: Report of DV at location, Shots fired-Officer involved, Witness interview of Ruperto Briseno-Ortega (Brother).

Narrative: On 06/10/2016 at approximately 1728 hours I was preparing to get off duty when I heard on the radio Sgt R. Wisner advise of shots fired. I left the station and responded in my assigned patrol car which I had not been driving all day and the computer was turned off. I arrived on scene and immediately spoke with Officer B Graves and asked if there was anyone who needed to be interviewed. Officer Graves told me to check with Officer C. Taylor.

Officer C. Taylor was walking towards me with a male subject riding a motorized scooter next to him. Officer C. Taylor told me the male subject doesn't speak English very well and would like to talk in Spanish. I identified the male in the scooter as Ruperto Briseno-Ortega 04/01/1964. I asked Ruperto who was inside and he said his brother, whom he identified as Juan Briseno-Ortega 03/30/1966.

I advised Ruperto he was being recorded and asked him what happened. Ruperto told me he and his brother got into an argument and then said in Spanish, the "police came and killed him like a dog." I asked what caused the police to come and he related the following. Ruperto told me he wanted to leave the house on his scooter and Juan told him "no." Ruperto told me they were in the garage and the garage door was closed. Ruperto told me several times Juan would not let him leave the garage. Ruperto became upset and decided to run his motorized scooter into the garage door. Ruperto confirmed he then was able to look out through the broken garage door and called for the neighbor, who was outside his house across the street at 2126 S 68th Ave.

Ruperto explained how he asked the neighbor to call 911 and the neighbor confirmed he would. Ruperto told me he does not have a phone in the house or a cellular phone so he was not able to call 911. Ruperto said roughly 10-15 minutes had passed while he was sitting in the garage waiting for the police to come. Ruperto confirmed the police arrived and walked over to the garage door to find out what was going on. Ruperto said shortly after the shots were fired.

I noticed Ruperto had several small lacerations on the bridge of his nose where his glasses frame rests. I asked Ruperto how he received the cuts and he said earlier this morning, Juan punched him in the nose. Ruperto told me the argument started again over him wanting to leave and Juan saying "no." I asked if it was common for Juan to tell him no if he wanted to leave and Ruperto told me "yes, because he (Juan) takes care of me."

I asked Ruperto if Juan had been drinking or if he had used any drugs today and Ruperto said he "didn't know." Ruperto confirmed Juan is a marijuana user but could not tell me if Juan had smoked today or not.

Ruperto told me he knew Juan had been carrying a gun in his waste band all day. Ruperto confirmed the gun is a black .22 caliber hand gun. While describing the gun Ruperto lifted up his hands and spread his index fingers approximately 8 inches apart describing the length of the firearm.

Ruperto told me he did not see the firearm but knew he had it on him. I again asked if while in the garage Juan removed the gun from his waistband and Ruperto said "no." I asked Ruperto how he knew Juan had the gun if he didn't see it and Ruperto told me "I just knew he had it."

Ruperto could not recall exactly what was said by the police or Juan just prior to the shooting. Ruperto told me he couldn't recall what Juan was doing with his hands just prior to the shooting.

We arranged for a disabled van with a lift to come to the scene to pick up Ruperto so he could be comfortably transported to the station for an interview. The driver of the van was identified as Guthrie, Lambert M 11/01/1989 and is employed with ALS. The van followed me to the station where he was escorted to an interview room where he was introduced to Detective A Medina.

I identified the medics who were on scene as Kasey Jo Weigley 07/19/82 and Dwight M Derby 02/29/72. Kasey Jo Weigley confirmed she spoke with Dr. W Brueggemann (Med Control) at 1738 hours and it was agreed upon to withhold resuscitation due to non survivable wounds.

Note: I used Officer Graves Coban after I remembered my computer was off and therefore my Coban microphone was not working. I went back over the details after receiving Officer Graves microphone from his car.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #: 16Y024922

Synopsis: Responded to an officer involved shooting. Transported the officer back to YPD.

Narrative: On 6/10/16 at approximately 1730 hours, I responded to 2125 S 68th Avenue for an officer involved shooting. At that time, I was working uniformed patrol assigned to the gang unit. There were multiple officers at the scene when I arrived and the scene had been taped off. I did not enter the crime scene.

I saw that Officer Althauser had blood on both of his hands and arms. Officer Althauser spoke to the paramedics at the scene. I transported Officer Althauser back to YPD after he spoke with the paramedics. I stayed with Officer Althauser until I was relieved by the Major Crimes Detectives.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #: 16Y024922

Synopsis: Responded to an officer involved shooting and maintained perimeter. While on perimeter, a witnesses provided some information.

Narrative: On 06/10/2016 at about 1729 hrs I was finishing my shift at the Yakima Police Department, 200 South 3rd Street in Yakima. I heard "shots fired" come across my portable radio. I thought it sounded like Sgt. Wisner who I knew to be at 2125 South 68th Avenue with Officer Althauser on a domestic violence call.

I responded to the scene (code 3) as did numerous other police and medic units. The perimeter had been set up prior to my arrival and I quickly returned to service without entering the crime scene.

At about 1817 hrs Sgt. Moore requested I return and maintain the perimeter of the scene. At 1830 hrs, I blocked traffic at South 68th Avenue and Easy Street. At about 1854 hrs I parked in front of 2125 South 68th Avenue and maintained the yellow crime scene tape perimeter.

At about 1915 hrs, I was approached by Betsy M. Kean 11/07/1986. Betsy explained that she lives across the street at 2124 South 68th Avenue. Betsy explained that earlier, she was inside her house with her windows shut. Her blinds were open and she could see two police cars arrived at the house across the street.

Betsy said the garage door was damaged and she could see the police officers trying to move the garage door panels. She heard police yelling something to the effect of "Get your hands up." Betsy thought they yelled it twice but wasn't sure. Betsy said the police officers entered the garage and soon after she heard what she thought was three gun shots.

I remained on scene until 1914 hrs and turned over my position to Officer I.Cole.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #:

16Y024922

Synopsis:

The firearm collected at the scene was tagged as evidence.

Narrative:

On 6/10/16 at around 2100 hours, I was relieved at the scene of the incident. I drove from the scene to the Yakima Police Department to tag the involved revolver as evidence.

Upon my arrival, I met with Forensic Lab Supervisor Kristen Drury. She and I walked the revolver to the Forensic Lab at the police department. There she took numerous photographs of the gun. I learned at that time that the gun was a Ruger .22 caliber revolver. The model of the gun was "Single - Six." The gun was fully loaded however appeared to have varied types of ammunition. Some of the rounds looked short, and others appeared longer. About half of the ammunition was hollow point.

Once the wheel of the revolver had been removed by Drury, we both noted that the firing pin of the pistol had at some point stricken the bullet lined up with the barrel of the gun. It did not appear that the bullet fired from its shell casing.

After assisting Drury in the Forensic Lab, the gun was left with her. I produced an evidence label documenting that the firearm was collected and turned over to the ID Lab as evidence.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #: 16y024922

Synopsis: responded to ofc involved shooting. I read the Deadly Force Summary Statement and later in the shift I notified estranged wife of the death.

Narrative:

On 6/10/16 at about 1729 Hrs I was at the station when I heard Sgt Wisner call out with shots fired and suspect down at a domestic call he was at on S 68th Ave. I responded to the scene and upon arrival saw Sgt Wisner and Officers Althauser, Graves, and Grant. I saw that Sgt Wisner and Ofc Althauser had significant amounts of blood on their hands. I was told that Ofc Althauser was the only Officer that had discharged his firearm. I removed Ofc Althauser from the immediate scene and ensured he was physically OK, which he was. I then read verbatim to him the Deadly Force Summary Statement. He provided answers for all applicable questions and I recorded them. I then took photos of Ofc Althauser and Sgt Wisner. Both of them then went to the ambulance on scene and partially cleaned their hands/arms off. I then gave the Deadly Force Summary Statement to Det Shaw who was also at the scene. I had no othersignificant involvement at the scene.

At about 2245 Hrs I was contacted by Lenora Foster at YPD main station. She identified herself as the estranged wife of J. Juan Briceno-Ortega. I informed her of the events and outcome of what happened earlier. She told me they had been together for the last 13 years and married the last 3 years. She said the last year has been on and off for them. One of the major reasons is due to J. Juan's "ice" use that has caused him to hallucinate to the point he would see and hear things that were not there. I then confirmed that when she said "ice" use that she meant methamphetamines, and she confirmed that to be correct.

Yakima Police Department - Supplemental Narrative Report

Incident #: 16y024922

Synopsis:

Dispatched to the location regarding an officer involved shooting. Upon my arrival I maintained a portion of the perimeter. Later in the day I was requested to return to the location to maintain the perimeter until the investigation was completed.

Narrative:

On 6/10/16 at approximately 1730 hrs, I was dispatched to assist officers with an officer involved shooting at 2125 S 68th Ave. Upon my arrival to the area I was requested to maintain the perimeter for the investigation at the intersection of S 68th Ave and Easy St. I remained at the location until I was relieved by another officer.

On 6/9/16 at approximately 2330 hrs, I was dispatched to relieve an officer and maintain the perimeter at 2125 S 68th Ave. I remained at the location until the investigation was concluded at approximately 0105 hrs. I then left the area.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #: 16Y024922

Synopsis: I assisted in this case by interviewing a Spanish speaking witness. I also walked through inside of suspect's residence with a YPD Tech, as the tech was taking pictures.

Narrative: On 06/10/16 at approximately 1808 hours, Sgt. Bardwell called me at home and asked if I could come to the Yakima PD and help with an Officer Involved Shooting. Sgt. Bardwell said that there was a Spanish speaking witness he wanted me to interview. I agreed to come to the Yakima PD. The witness was later identified as Ruperto Briseno-Ortega 04/01/64.

After I arrived at the Yakima PD, I was contacted by Ofc. D. Soptich. Ofc. Soptich briefed me what Ruperto had told him. See Ofc. Soptich's report for reference.

At approximately 1900 hours, I interviewed Ruperto inside a detective interview room number 1021. Ruperto was sitting in an electric wheelchair/scooter as he was paralyzed. I asked Ruperto if he understood that we were recording his statement, he said yes.

Ruperto provided the following statement: In the morning of 06/10/16, Juan made him breakfast. Around 1400 and 1500 hours this afternoon, he (Ruperto) decided to go to Walmart. He wheeled himself to the garage in his manual wheel chair. Inside the garage was his electric scooter. Once inside the garage and him sitting in the electric scooter, Juan approached him. He told Juan that he was going to go to Walmart to buy a phone. Juan told him that he was crazy and would not let him go. Ruperto said that they argued for a few minutes inside the garage. After the argument, Juan went back to the house as he (Ruperto) began to hit the garage door repeatedly with his hand.

Ruperto said that he (Ruperto) later decided to ram the garage door with his electric scooter. In the process, he created a hole on the garage door. Moments later, he said that Juan came back into the garage and told him that he was crazy as he (Juan) proceeded to hit him one time on the face with an open hand.

Note: Ruperto was wearing prescription glasses during my interview with him. There was a small bloody cut on Ruperto's bridge of the nose, underneath the glasses frame.

Ruperto said that after Juan had hit him, he (Ruperto) yelled at his neighbor to call 911. Ruperto said that he saw his neighbor via the hole that was on the garage door. Ruperto said that about fifteen minutes later, two Caucasian officers arrived. He said that the officers entered the garage via the broken garage door. Once the officers were inside the garage, he asked them to get him (Ruperto) out of the garage, as Juan said "no" because he (Ruperto) was crazy.

Ruperto said that one of the officers then pushed Juan back into a van that was parked inside the garage. He then heard Juan say "no" as he saw Juan's hands slightly raised away from his (Juan's) body. Note: Ruperto raised his arms showing me how Juan had them raised. Ruperto's arms were about the midway point form his knees and shoulders.

Ruperto said that the officer that pushed Ruperto then said, he's got a gun.

Ruperto said that the officer that had pushed Juan then shot Juan two times, striking him on the chest. Ruperto said that Juan then fell to the ground.

I asked Ruperto about the second officer. He said that the second officer did not shoot. Ruperto said that Juan and the officer that did the shooting were about two meters away from him, (Ruperto). Ruperto said that the officer that did the shooting was about three to four feet from Juan when the shooting occurred. Ruperto said that the second officer was standing next to him (Ruperto) when the shots were fired. Ruperto said that there were no obstacles impeding his (Ruperto's) view from Juan nor the officer that was shooting.

Ruperto said that prior to the shooting, he did not see Juan in possession of a gun. Ruperto said that the only time during the incident that he saw Juan with a gun, was when Juan was lying on the ground after being shot. He said that the gun was in Juan's waistband as he laid on the floor.

Ruperto said that Juan's owns a gun. He described it as being a .22 caliber revolver. Ruperto said that Juan had his .22 caliber revolver in his waistband after having been shot. Ruperto said that Juan would carry the gun on his person one to two times a month.

I asked Ruperto if Juan used drugs. Ruperto said that Juan would give him marijuana to help him with his pain as Juan would also use marijuana. Ruperto said that the last time Juan had used marijuana was the previous day.

I asked Ruperto prior to today's incident, if Juan had ever assaulted him in the past, he said yes. I asked Ruperto when was the last time Juan had assaulted him, he said about a week ago. When asked to talk about what took place a week ago, Ruperto indicated that he did not remember. Ruperto said that he had an accident in which he hit his head, causing him to have issues remembering things. Ruperto clarified that Juan had never assaulted him in the past, but that they had only gotten into verbal arguments.

I asked Ruperto about when he rammed the garage door with his scooter. Ruperto said that he rammed the garage door with the front of the scooter. Note: There was a broken orange turn blinker like cover broke in front of the scooter. There were also fresh looking paint transfer marks in front of the scooter that were whitish in color. When asked about the blinker cover, Ruperto said that it was old damage. For Ruperto's full statement, please refer to the recording.

I had YPD Tech Kristen Drury take photographs of Ruperto's injury and the damages to the scooter.

I contacted Det. D. Shaw and Prosecutor Brusic and briefed them to what Ruperto had to say.

After my interview with Ruperto, I had ALS come to the Yakima PD to pick him up. Ruperto asked for his manual wheelchair and catheters that were inside his bedroom. Sgt. Bardwell indicated that I along with one additional officer were allowed to go into the residence and grab listed items. Also, Ruperto had a pitbull in the residence which he said was friendly. It was arranged that an Animal Control Officer would meet us at Ruperto's residence so that the pitbull could be removed. I followed the ALS van to the scene as Ruperto was inside the van.

Once at the scene, I saw the following: YPD officers and Captain Schneider were there. Ruperto's garage doors face west. The south overhead garage door was closed. The north overhead garage door was lying on the ground, outside the

garage. There was a vehicle parked inside the garage, north side. The license plate to this vehicle is WA/ADS-5926. There was a van parked inside the garage, south side. WA/AUZ-6050 is the van's license plate number. Lying on the ground between the van and vehicle was Juan's body. There was a heavy YPD bullet proof vest lying on the floor, inside the garage next to Juan's body. The vest had a medical pouch that was open. There was a piece of plastic, orange in color lying on the floor between the van and the closed garage door. This piece of plastic looked to be the piece missing from the scooter's blinker cover. The garage door that was on the ground, had two broken windows. There was glass fragments scattered on the ground, beneath the open garage door frame.

After having arrived at the scene, Ruperto asked for us to get his coat as well. Ofc. Grant and I, entered the garage from the furthest north end, and carefully walked to the door that leads into the residence. Once inside the residence, I went to the back door to let in the Animal Control Officer. The back door was locked from the inside via a lock that required a key. Ofc. Grant then managed to open a dining room window that faces north. The Animal Control Officer manages to climb through the window. Animal Control Officer then secured the Pitbull in a leash. The pitbull was located inside the residence's N/W corner bedroom. Animal Control Officer exited the residence via the same dining room window taking the Pitbull with her.

I then went into a bedroom located in the S/E corner of the residence where I found Ruperto's wheel chair, catheters and coat. The TV inside this bedroom was on as the bedroom light was off. I then took possession of listed items and with the help of Ofc. Grant, we carried the wheelchair out of the residence and out the garage, walking on the same path we had entered from. I then handed listed items to the ALS van's driver. Ruperto was later transported and dropped off with someone in Wapato.

After YPD's traffic unit were done with their side of the investigation, Drury and I entered the residence. Drury took photographs inside the residence. As we were inside the residence, I noticed the following: The back and front doors had alarms attached to them. The front door was secured with a board that was up against the door knob. The front door's window was covered with a piece of cloth. In the kitchen, we discovered that one of the stove's burners was left on low. There were two spoons lying on top of the burner. There was a clear glass pipe partially lying on the same stove top and counter top. The pipe had some type of burnt residue inside. Through training and experience, I noticed that this type of pipe is used to smoke meth.

Officers on-scene located a spent bullet casing lying behind the front passenger side tire of vehicle license WA/ADS5926. The coroner's office later arrived on-scene and took possession of Juan's body.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #: 16Y024922

Synopsis: Domestic violence incident/ officer involved shooting.

Narrative:

Detective Chad Janis

On 06/10/2016 at approximately 1717 hours I was working in uniform with the Yakima Police Department Patrol Division. I was at the Yakima Police Department inside the patrol sergeant's office with Sergeant James Moore, when we overheard Sergeant Ryan Wisner exclaim over the radio that shots had been fired. We were familiar with that fact that he had been out at a domestic violence call with Officer Brad Althauser at the following address; 2125 South 68th Avenue, Yakima WA 98908.

While en route to the location, Sergeant Wisner stated over the police radio that the suspect was down and medics were needed at the residence. He also asked that the area be contained by responded officers and to contact the administration.

Multiple officers responded to the address in response to this incident. Upon arrival to the location, I parked north of the incident address on South 68th Avenue near the intersection of Crestfields Road. I exited my vehicle and walked to the incident location. I could see that the fire department had arrived around the same time and was in the process of medically assessing a male who was lying on the ground just inside the garage. I could see that Officer Scott Grant was attempting to assist fire officials and removing a damaged garage door from the north bay of the garage. Officer Althauser was exiting the area of the garage at this time. I could see that Officer Althauser had blood on his arms/ hands. I then observed Sergeant Wisner walking away from the area of the garage, also noticing that he had blood on his hands. I walked up to Sergeant Wisner and inquired if he had fired his service weapon. He stated that he did not. He confirmed that Officer Althauser had fired his service weapon. I checked to see if Sergeant Wisner was medically okay, which he stated he was. I then walked to the area of the scene.

I could see that Officer Althauser was standing with Sergeant Moore. I then walked to the opening of the garage and was advised by Officer Grant and on scene medical officials that the male lying on the ground was deceased. I then advised Officer Grant to contain the inner scene and document all of the on scene medical personnel who were inside the perimeter. I then assisted Officer Grant in removing the brother of the decedent, who was in the area of the garage. The brother was contained to an electric wheel chair/scooter. I was advised that he was a witness to what had transpired. I escorted him to the north boundary of the crime scene tape and asked Officers to find him a ride to the police department. ALS Ambulance service later provided him a ride to the Yakima Police Department so he could be contacted by investigating detectives. While on scene, Officer Dustin Soptich spoke to him about what had occurred.

I then briefly spoke to Lieutenant Watts who had just arrived and briefed her on what I knew at that time. I then obtained the red inner perimeter tape and taped off the inner perimeter, which included Sergeant's Wisner's vehicle which was parked in the driveway of 2125 South 68th Avenue.

Shortly after arriving on scene, Major Crimes Detective Drew Shaw and Investigations Captain J. Schneider arrived. They were briefed and advised that Officer Althauser was the officer who fired his service weapon. I also advised them that Officer Ben Graves had secured the decedent's firearm in his patrol vehicle. Officer Graves was assigned to the north perimeter of the scene.

Officer Grant and I placed a crime scene sheet over the decedent. While inside the garage, I could see that the decedent appeared to an adult male. He was lying between two vehicles in the garage. Nearby his body, I could see a Yakima Police Department heavy vest lying on the ground, which had its medical kit attached. I noticed that the medical kit was open and appeared to have been used in this incident.

After ensuring that the scene at been secured for detectives I cleared and returned to the Yakima Police Department.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report
Incident #:16y024922

Synopsis:
I ASSISTED MAJOR CRIMES DETECTIVES WITH CASE INVESTIGATION.

Narrative:
On 6/10/16 at approx. 1745 hours I was called in to assist Major Crimes Detectives with the investigation of an officer involved shooting that occurred at 2125 S. 68th Ave.

At the station I conducted two taped statements from witnesses that were in the area. My first interview was with Edgar Rosales (6/11/79) and his 11 year old daughter at approx. 1915 hours. Both agreed to the statement being recorded.

Edgar told me that they drove by the incident location at approx. 1718-1720 hours. He said that he observed a male outside the garage door, looking as if he was trying to help get it open for the male in the wheelchair inside the garage. Edgar said that when they drove by in his car the windows were rolled up and he could not hear anything. He said that it did not appear that an argument or altercation was happening. Edgar said that he had seen the man in the wheelchair at the residence and thought he lived there with his dad. He said that he did not recognize the man that was outside the garage when he drove by. Edgar said that he did not hear the gunshots but was told by his neighbor that there were shots in the neighborhood. My statement with Edgar and his daughter concluded at 1930 hours.

At approx. 1940 hours I interviewed witness, Jorden Kegley (6/14/94). Jorden agreed to the statement being recorded.

Jorden told me that he was at his friends, John and Amy Thorton's house, when the event occurred. Jorden said that Amy was outside and called them outside to tell them that some thing was going on at the neighbor's house. Jorden said that they were approx. 3 houses form the incident. Jorden said that when he came outside he saw two police officers tear open the garage door and go inside. He said that after the officers were inside for 2-3 minutes he heard two gunshots. Jorden said that he was too far away to hear what was being said during the incident. He said that after the shots he only saw a bunch of officers show up. My interview with Jorden ended at approx. 1945 hours.

I later accompanied Det. Shaw to Judge McCarthy's residence to seek approval for the search warrant at 2125 S. 68th Ave. Judge McCarthy signed and approved Det. Shaw's search warrant for the residence. Note that officers were at the residence maintaining the scene until the search warrant was approved.

Det. Shaw and I detailed 2125 S. 68th Ave. with the warrant. I stood by as pictures were taken and the total station was completed by the traffic unit. The Yakima County Coroner was called to recover the deceased, Juan Brisen-Ortega (3/30/66).

Prior to the coroner arriving I observed that the deceased had two holes in his chest: one in the center of the upper chest and the second on the upper right side of the deceased. The subject was handcuffed with his hands behind his back. Two empty shell casings were located inside the garage and taken for evidence.

I secured from the scene at approx. 0100 hours on 6/11/16.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #:

16Y024922

Synopsis:

On 06-10-16, two (2) Yakima Police officers responded to a domestic violence incident during which time an involved party was shot and killed by one (1) of the officers.

Narrative:

INITIAL CALL-OUT

On 06-10-16 at approximately 1730 hours, I received a telephone call from Det. K. Hampton who advised me that patrol officers had just been involved in a shooting while on scene of a call. I immediately called SUNCOMM, confirmed the information and learned that the location of occurrence was 2125 S. 68th Avenue. I responded to that address from my residence and was the first detective on scene.

2125 S. 68TH AVENUE (SCENE)

At approximately 1745 hours, I arrived on scene which had been cordoned off with inner and outer perimeter crime scene tape. Officers from the Yakima Police Department and the Yakima County Sheriff's Office were on scene as well as medical personnel. I observed that one (1) of the two (2) garage doors was heavily damaged and appeared as if a vehicle inside the garage had impacted the door.

I contacted Sgt. J. Moore and Lt. L. Watts and learned that the suspect, later identified as J. Juan Briseno-Ortega, had been pronounced deceased and was still inside the garage. I further learned that Officer Althauser had shot Juan during an altercation inside the garage and Sgt. Wisner, along with Juan's brother who was later identified as Ruperto Briseno-Ortega, had witnessed the incident.

I contacted Sgt. Wisner and Officer Althauser and immediately observed blood on their hands which I learned was from providing medical care to Juan after he had been shot. Prior to their hands being disinfected and washed, Sgt. Moore photographed both Sgt. Wisner and Officer Althauser.

Sgt. Moore confirmed that Officer Althauser had been read his Public Safety Statement and relinquished it to me. I then met with Sgt. Wisner and Officer Althauser and requested that they maintain their appearance and duty belts as it was during the incident and both agreed to do so.

Det. K. Hampton arrived and I requested that he photograph the exterior of the residence so it could be described properly in a search warrant. I then reviewed the Coban video from Sgt. Wisner's patrol vehicle which was parked in the driveway of 2125 S. 68th Avenue.

INITIAL COBAN VIDEO REVIEW

Sgt. Wisner's Coban video depicted him arriving at 2125 S. 68th Avenue at

1727:47 according to the time stamp. At 1728:06, Sgt. Wisner pulled into the driveway of the residence at which time I was able to observe that one (1) of the two (2) garage doors was damaged. The door appeared to have been damaged from the inside as if a vehicle had attempted to pull out while the door was closed.

The video revealed that Officer Althauser was already on scene and taking a position next to the damaged garage door. At 1728:18 hours, Officer Althauser began to pull the damaged door panels so he and Sgt. Wisner could access the interior of the garage. At 1728:28 hours, Officer Althauser entered the garage followed by Sgt. Wisner at 1728:36. Moments later at 1728:49 hours, I heard two (2) distinct gunshots and Sgt. Wisner yell, presumably over the radio, "Shots fired, shots fired, shots fired!".

ADMINISTRATION BRIEF

Prior to leaving the scene, I met with the Detective Division commander, Capt. Schneider. I briefed him on what I knew up to that point and that I would be transporting Sgt. Wisner back to the Yakima Police Department in my vehicle.

SGT. RYAN WISNER TRANSPORTATION

At approximately 1810 hours, I removed Sgt. Wisner from the scene and transported him back to the Yakima Police Department.

INVESTIGATIVE NOTE: During my contact with Sgt. Wisner, he was not out of my sight and did not manipulate his uniform or duty belt in any way.

At 1825 hours, Sgt. Wisner and I arrived at the police department and I escorted him into the Major Crimes Unit office. I instructed Sgt. Wisner that although he did not discharge his firearm, a round verification was going to be conducted.

SGT. WISNER ROUND VERIFICATION AND PHOTOGRAPHS

Det. Cays and Det. Hampton photographed and counted the ammunition from Sgt. Wisner's firearm, the inserted magazine and the three (3) spare magazines which he carried on his duty belt. When asked, Sgt. Wisner advised that he wasn't carrying a secondary firearm at which time I physically checked around his ankles and his vest with no firearm found.

Det. Cays and Det. Hampton advised me that all of Sgt. Wisner's ammunition was accounted for, however, one (1) of his spare magazines was short one (1) round which he was unaware of.

Once the round count was completed, Sgt. Wisner was allowed to place his magazines and handgun back on his duty belt and was then photographed by Det. Cays as he appeared at the time of the shooting.

OFFICER ALTHAUSER ROUND VERIFICATION AND PHOTOGRAPHS

After Sgt. Wisner's round verification and photographs were completed, Det. Cays also photographed Officer Althauser as he appeared at the time of the shooting.

Det. Cays and Det. Hampton obtained Officer Althauser's Glock 22 (.40 caliber) firearm and spare magazines at which time they conducted a round verification. They reported to me that both of Officer Althauser's spare magazines were filled to capacity, however, the ammunition in the handgun was three (3) rounds below

capacity.

Det. Cays and Det. Hampton also obtained Officer Althauser's secondary firearm, a semi-automatic Kimber 9mm, which he carried in his vest. A round verification was conducted on the Kimber, which could carry a total of seven (7) rounds, however, only six (6) rounds were contained inside the firearm.

INVESTIGATIVE NOTE: There was no evidence to suggest that Officer Althauser's secondary handgun had been discharged during this incident.

OFFICER ALTHAUSER UNIFORM COLLECTION

At approximately 2030 hours, Officer Althauser was transported to his residence by Det. Cays and Det. Hampton. Once at his residence, Det. Cays and Det. Hampton collected Officer Althauser's uniform top, pants and boots as they contained biological evidence.

The uniform was later booked into evidence at the Yakima Police Department.

RUPERTO BRISENO-ORTEGA STATEMENT SYNOPSIS (SPANISH ONLY)

At approximately 1900 hours, Det. A. Medina met with Ruperto Briseno-Ortega in an interview room within the Detective Division. Ruperto agreed to allow the interview to be recorded.

INVESTIGATIVE NOTE: Ruperto agreed to be transported to the Yakima Police Department after the incident to provide a statement.

According to Ruperto, he and his brother, Juan (decedent), live together at 2125 S. 68th Avenue. Sometime between 1400-1500 hours, Ruperto decided to go to Walmart. Ruperto went into the garage and got into his electric wheelchair, as he is partially paralyzed, at which time he was confronted by Juan. Ruperto said that he was going to Walmart to purchase a telephone at which time Juan would not allow him (Ruperto) to leave.

After a brief argument, Juan went back inside the residence as he (Ruperto) began to hit the garage door repeatedly with his hand. Ruperto then began to drive his electric wheelchair into the garage door eventually causing significant damage to the door.

Juan returned to the garage and slapped Ruperto in the face with an open hand. After being assaulted, Ruperto claimed that he yelled for a neighbor, whom he could see through the damaged garage door, to call 9-1-1. After approximately 15 minutes, two (2) "Caucasian" police officers arrived and entered the garage through the damaged garage door. Once inside, Ruperto said that one (1) officer pushed Juan back against the van which was parked inside the garage. Ruperto said that Juan's hands slightly rose from his body at which time he heard the same officer that pushed him say, "He's got a gun".

According to Ruperto, the officer (Althauser) fired two (2) times at Juan, striking him in the chest. Ruperto told Det. Medina that the second officer (Wisner) did not discharge his handgun. Ruperto believed that Officer Althauser and Juan were approximately 3-4 feet away from each other when the shooting occurred. Once Juan was on the floor, Ruperto said that he observed his (Juan) .22 caliber revolver which he claimed Juan carried one (1) or two (2) times a month.

Ruperto further explained that Juan was a marijuana user and had used marijuana

as recently as the day before (9th).

Ruperto had a cut on the bridge of his nose which was sustained when he was slapped by Juan. Ruperto's injury was photographed.

See the transcript or audio recording for further details.

EDGAR ROSALES STATEMENT SYNOPSIS (ENGLISH)

At approximately 1915 hours, Det. Pepper met with Edgar Rosales and his 11 year old daughter in an interview room within the Detective Division. Both agreed to allow the statement to be recorded.

Edgar told Det. Pepper that around 1720 hours, he drove by 2125 S. 68th Avenue and noticed a male attempting to open the garage door for another in a wheelchair. According to Edgar, there did not appear to be a confrontation. He also added that he had the windows in his vehicle up which may have preventing him from hearing anything.

See the transcript or audio recording for further details.

JOHN THORNTON STATEMENT SYNOPSIS (ENGLISH)

At 1932 hours, Det. Cays met with John Thornton in an interview room within the Detective Division. John agreed to allow the interview to be recorded. John explained to Det. Cays that his wife made him aware of a police vehicle parked at a neighbor's residence so he looked outside. John said that he noticed two (2) police officers (at 2125 S. 68th Ave) and one (1) of them "banged" on the garage door. According to John, the officers began to pull on the damaged panels of the garage door and went inside.

Seconds after observing the police enter the garage, he heard three (3) gunshots. John reported to Det. Cays that he did not know the people who lived at 2125 S. 68th Avenue, however, had waived at them on occasion.

See the transcript or audio recording for further details.

JORDEN KEGLEY STATEMENT SYNOPSIS (ENGLISH)

At approximately 1940 hours, Det. Pepper met with Jorden Kegley in an interview room within the Detective Division. Jorden agreed to allow the interview to be recorded.

According to Jorden, he was at a friend's residence several doors down from 2125 S. 68th Avenue. While visiting, Jorden was called outside by his friend and told that something was occurring at a residence down the road (2125 S. 68th Avenue).

Jorden said he observed two (2) police officers tear open the garage door and enter. After approximately two (2) or three (3) minutes, he heard two (2) gunshots. Jorden said that he was too far away to hear what was being said inside the garage. He continued to explain that moments after hearing the gunshots, multiple police officers began to arrive at the scene.

See the transcript or audio recording for further details.

SEARCH WARRANT AUTHORIZATION

While witnesses were being interviewed, I authored a search warrant for 2125 S.

68th Avenue to recover evidence of the shooting including Juan's body. After authoring the search warrant and affidavit, I had Yakima County Prosecutor Brusic review both documents prior to meeting with a judge.

At 2155 hours, Det. Pepper and I arrived at Yakima County Superior Court Judge McCarthy's residence. Judge McCarthy placed me under oath, reviewed both documents which he then signed.

SEARCH WARRANT EXECUTION

Det. Pepper and I left Judge McCarthy's residence and drove to 2125 S. 68th Avenue which was still secured by patrol officers. At approximately 2230 hours, the search warrant was executed.

Prior to collecting any evidence, Forensic Laboratory Supervisor K. Drury photographed the scene. Once the photographs were taken, the Traffic Unit digitally mapped the scene using Total Station. After both the photographs and mapping were completed, detectives began to search for evidence specific to the search warrant.

Detectives located two (2) .40 caliber shell casings; both under a vehicle parked in the northern side of the garage. Once the Yakima County Coroner arrived, Juan's body was removed from the scene. I observed two (2) defects in Juan's chest which, based upon my training and experience, I recognized as wounds consistent with those sustained from gunfire.

Also observed and photographed, but not seized, was narcotic paraphernalia inside the residence which was consistent with that used to smoke methamphetamine.

INVESTIGATIVE NOTE: At autopsy, a broken glass pipe was removed from Juan's pocket which, based upon my training and experience, I recognized as a pipe commonly utilized by methamphetmine users.

Once the scene was documented and the evidence was recovered, we concluded the search warrant at approximately 0025 hours (11th). A copy of the search warrant and a list of the evidence seized was left in the kitchen and photographed prior to the scene being released.

The evidence was transported to the Yakima Police Department and placed into evidence.

AUTOPSY OF J. JUAN BRESINO-ORTEGO

On 06-13-16 at approximately 1000 hours, I arrived at the Yakima County Coroner's Office for the scheduled autopsy. Forensic Laboratory Supervisor Drury and Det. Hampton were also present.

The autopsy, which was preformed by Dr. Jeff Reynolds, revealed that Juan was shot twice in the front torso. The projectiles struck his heart and liver causing his death. A sample of his blood was taken and sent to the Washington State Patrol Crime Laboratory for toxicology testing.

Dr. Reynolds determined the manner of death to be homicide. Refer to Dr. Reynolds' report for specific autopsy conclusions.

SEARCH WARRANT RETURN OF SERVICE AND FILING

Later that day, I completed a return of service for the search warrant executed

at 2125 S. 68th Avenue.

INVESTIGATIVE NOTE: On 06-14-16, I filed the return of service, search warrant and affidavit with the Yakima County Clerk's Office.

SGT. RYAN WISNER RECORDED STATEMENT SYNOPSIS

At approximately 1500 hours, Sgt. Wisner arrived at the police department to provide a recorded audio statement in lieu of a written report. Det. Hampton and I met with Sgt. Wisner in the chief's conference room and Sgt. Wisner agreed to allow the interview to be recorded.

At approximately 1506 hours, Sgt. Wisner began to describe the events in which led up to the shooting. Sgt. Wisner, who was providing the statement freely and voluntarily, explained to Det. Hampton and I that SUNCOMM had dispatched a patrol unit to a domestic situation on the west side of the city (Yakima).

Sgt. Wisner, who was in the downtown area, responded as the cover officer for Officer Althauser. Sgt. Wisner, who recalled that the reporting party was a neighbor and the call details involved one (1) subject in a wheelchair, arrived after Officer Althauser who was already on scene. As Sgt. Wisner pulled past the residence, he recalled observing damage to the garage door of 2125 S. 68th Avenue. According to Sgt. Wisner, he pulled into the neighbor's driveway to turn around at which time he heard a "skin on skin slap". Simultaneously, he observed two (2) subjects inside the garage, one (1) in a wheelchair and the other standing over him. Sgt. Wisner recalled observing the subject slapping at the subject in the wheelchair at which time he notified Officer Althauser via the radio.

INVESTIGATIVE NOTE: Sgt. Wisner had his vehicle window rolled down which is why he believes he was able to hear the slap.

Sgt. Wisner pulled into the driveway of 2125 S. 68th Avenue and they began to pull open the damaged garage door so they could enter the garage. Sgt. Wisner recalled hearing a verbal confrontation between the two (2) subjects inside the garage as they were attempting entry. According to Sgt. Wisner, Officer Althauser, who had his handgun drawn, entered the garage first.

Sgt. Wisner said that Officer Althauser immediately was engaged in a physical struggle with Juan. Sgt. Wisner said that Officer Althauser began to relay to Sgt. Wisner that Juan had a "gun". Because there were two (2) vehicles parked in the garage and one (1) subject in a motorized wheelchair, Sgt. Wisner explained that there was not much room to move around.

Sgt. Wisner explained that he yelled to Officer Althauser asking where the gun was and Officer Althauser said something about it (gun) being near or in his waistband. Sgt. Wisner said that both he and Officer Althauser screamed at Juan to put his hands up. Sgt. Wisner said that he observed Juan begin to reach toward his waistband at which time Officer Althauser shot him two (2) times.

Both officers began to provide medical aid to Juan, however, within moments, Juan died.

Sgt. Wisner said that he first observed Juan's handgun when Officer Graves, once he arrived, picked it up and secured it. In Sgt. Wisner's opinion, there was no other reasonable action they could have taken in the circumstances in which they were presented.

The interview ended at approximately 1535 hours. See the transcript and audio recording for further details.

REQUEST FOR LABORATORY EXAMINATION

On 06-22-16, I completed a request for laboratory examintion and sent it to the Yakima Police Department Forensic Laboratory Supervisor, K. Drury. I attached a copy of the request to the "Files" section of this investigation.

OFFICER BRAD ALTHAUSER STATEMENT SYNOPSIS

On 06-23-16, I received Officer Althauser's written statement from his attorney. Officer Althauser explained in his statement that once he arrived at the scene, he parked approximately two (2) residences away and observed that one (1) of the garage doors was damaged.

As Officer Althauser exited his patrol vehicle, he could hear two (2) male voices arguing. As Officer Althauser approached the garage doors, he observed Sgt. Wisner arriving who then subsequently pulled into the driveway of 2125 S. 68th Avenue. Officer Althauser further described two (2) males yelling, possibly in Spanish, and then a "smacking" sound which he believed was someone being assaulted.

Through the damaged garage door, Officer Althauser said he could observe a male in a wheelchair raising his hands in a protective posture as something was being swung at him (male in wheelchair). According to Officer Althauser, he believed the male in the wheelchair was being assaulted. Officer Althauser said he pounded on the garage door with his fist and announced his presence.

Officer Althauser then began to pull on the damaged garage door panels to gain entry into the garage. Officer Althauser drew his handgun and entered the garage behind the male seated in the wheelchair. Officer Althauser described two (2) vehicles parked in the garage and a Hispanic male standing between them. Officer Althauser placed himself between the male in the wheelchair and the male standing between the vehicles.

The decedent, according to Officer Althauser's statement, had an angry look on his face and yelled at him (Althauser) in Spanish which he (Althauser) did not understand. Officer Althauser pointed his handgun at the decedent and ordered him to "show" his hands. The decedent yelled at Officer Althauser, lifted his shirt and exposed the handle of a handgun which was concealed in his waistband.

Officer Althauser said he observed a wooden grip of a handgun protruding from the decedent's waistband. Officer Althauser said that he ordered the decedent to turn away and put his hands up, however, the decedent did not comply. Officer Althauser further explained that he grabbed the decedent's hands with his left hand in an attempt to keep him (decedent) from reaching for the handgun but the decedent pulled away.

With his handgun still drawn and pulled into his right armpit, Officer Althauser grabbed the decedent and pushed him into one (1) of the vehicles and attempted to spin him around, however, the decedent resisted his attempt. Officer Althauser yelled to Sgt. Wisner that the decedent had a firearm and it was concealed in his waistband.

Again, Officer Althauser attempted to gain control of the decedent, however, once he felt the decedent's hands reach for the handgun, he discharged two (2) rounds which struck the decedent. Officer Althauser said that he felt the

decedent was going to shoot him or the male in the wheelchair if he (decedent) was able to gain access to the handgun.

The decedent fell toward Officer Althauser who followed him to the floor. Officer Althauser holstered his handgun and continued to attempt to gain control of the decedent's hands. Officer Althauser handcuffed the decedent and rolled him to one (1) side and removed the handgun, a revolver, from his waistband. Officer Althauser realized the handgun was loaded and attempted to unload it, however, he was unsuccessful and handed the handgun to Officer Graves who had just arrived after Sgt. Wisner advised SUNCOMM that gunshots had been fired.

Officer Althauser and Sgt. Wisner applied pressure to the decedent's wounds as an ambulance had already been requested. Once medical personnel arrived, Officer Althauser left the garage to allow them to treat the decedent. Once outside, Officer Althauser realized he had not turned on his Coban and immediately activated it via the microphone attached to his uniform.

After being ordered to answer the questions on the Public Safety Statement, Officer Althauser was removed from the scene.

See Officer Althauser's written statement for additional information.

SUNCOMM 9-1-1 CALL REVIEW

At 17:17:02 hours (10th), Dennis Hoff, who lives at 2126 S. 68th Avenue, called 9-1-1 to report a "domestic dispute". Hoff provided the address of occurrence as 2125 S. 68th Avenue, across the street from his residence, and believed that the two (2) involved were in a physical confrontation. Hoff also reported that there was damage to the garage door.

DENNIS HOFF TELEPHONE INTERVIEW

On 06-30-16 at approximately 0955 hours, I contacted Hoff, via telephone, as he had been out of town for two (2) weeks after the incident. According to Hoff, as he and his wife were leaving to go to dinner, he observed damage to the garage door of his neighbor's residence (2125 S. 68th Ave). Hoff said he observed Ruperto through the damaged door and inquired if he needed assistance which he (Ruperto) accepted.

Hoff said he attempted to pull on the damaged door at which time Ruperto's brother entered the garage and they (Ruperto and Juan) began to yell at each other in Spanish. Hoff said that Ruperto then asked him (Hoff) to call 9-1-1. Hoff went back across the street to his residence and called 9-1-1. After calling, Hoff said he and his wife left to go to dinner. As they drove down S. 64th Avenue, Hoff said two (2) patrol vehicles passed him, presumably enroute to 2125 S. 68th Avenue.

Furthermore, Hoff explained that recently, Juan stopped doing yard work and waiving to neighbors. Hoff believed that Juan was becoming paranoid for some reason and even considered calling the police approximately one (1) week prior to the shooting because some of the neighbors felt Juan may have been keeping Ruperto inside against his will.

Hoff had no further information to provide.

FIREARM FORENSIC RESULTS

On 07-05-16, Yakima Police Forensic Laboratory Supervisor Drury, a forensic

firearms examiner, advised me that the two (2) shell casings recovered in the garage were compared to test fired shell casings from Officer Althauser's handgun.

Forensic Laboratory Supervisor Drury determined that the shell casings recovered at the scene matched the test fired casings from Officer Althauser's Glock 22 (.40 caliber).

OFFICER ALTHAUSER COBAN VIDEO REVIEW

Officer Althauser's Coban system was not activated during this incident, however, was immediately activated after the incident. City of Yakima IT personnel subsequently downloaded Officer Althauser's Coban system as it records, without sound, even if it was not activated by the officer.

A review of the Coban video revealed that Officer Althauser parked north of 2125 S. 68th Avenue and offered nothing of evidentiary value.

SGT. WISNER COBAN VIDEO REVIEW

I reviewed Sgt. Wisner's Coban video after having viewed it briefly at the scene on 06-10-16. Although Sgt. Wisner's video was activated in his patrol vehicle, which was parked in the driveway of 2125 S. 68th Avenue, his microphone was inside his vehicle and not mounted on his uniform, therefore, the sound was difficult to hear, however, because his patrol vehicle window was down, the microphone did record audio.

Once Sgt. Wisner and Officer Althauser enter the garage, I could faintly hear someone, presumably Officer Althauser, yelling something in reference to a "gun". I also heard another voice, presumably Sgt. Wisner, yelling "Where's it at"? A voice responds and yells something about "waistband".

Although not all the audio is discernable because of the distance of Sgt. Wisner's microphone, the portions that are discernable are consistent with what Sgt. Wisner and Officer Althauser recalled in their statements.

INVESTIGATIVE CONCLUSION

On 06-10-16 at approximately 1718 hours, Yakima Police Officers Brad Althauser and (Sgt) Ryan Wisner responded to a 9-1-1 call in reference to a domestic assault incident at 2125 S. 68th Avenue.

Upon arrival, both officers, who were driving fully marked Yakima Police vehicles and wearing department issued uniforms, reported observing damage to one (1) of the garage doors and hearing the sounds of someone being assaulted inside the garage. After announcing their presence, both officers stated that they entered the garage and encountered J. Juan and Ruperto Briseno-Ortega inside.

Officer Althauser and Sgt. Wisner both reported that Juan and Officer Althauser became engaged in a confrontation. Officer Althauser said that Juan lifted his shirt which revealed a firearm concealed within his waistband. Both officers reported giving verbal commands to Juan which they said he ignored.

Officer Althauser, who was within a few feet of Juan, observed him reaching toward the firearm in his waistband. Officer Althauser reported that he feared that Juan was going to shoot him or Ruperto at which time he fired two (2) rounds, striking Juan in the torso and causing his death.

Based upon the available information and evidence, to include officer and witness statements, as well as Coban video and audio recordings, it is determined that Officer Althauser acted appropriately and within state law, specifically RCW 9A.16.020(1) and RCW 9A.16.040(2)(a), as it pertains to the use of deadly force by a peace officer. Therefore, no crime appears to have been committed by Officer Althauser in the death of J. Juan Briseno-Ortega.

This case will be forwarded to the Yakima County prosecutor for review.

INVESTIGATIVE NOTE: The autopsy and toxicology reports are still pending.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #: 16Y024922

Synopsis: OFFICER INVOLVED SHOOTING WHEN RESPONDING TO A DOMESTIC DISPUTE. I RESPONDED AFTER HEARING THE REPORT OF SHOTS FIRED OVER THE RADIO. I ASSISTED WITH CLEARING THE RESIDENCE, SECURING THE SCENE AND DIAGRAMMING THE SCENE USING TOTAL STATION.

Narrative:

On June 10, 2016 at about 1727 hours, I was working traffic related duties in the 6000 block of W Washington Ave. I overheard Officer Althauser channel 1 report that he was arriving at a domestic dispute call and the garage door was heavily damaged. Two minutes later at 1729 hours, I overheard Sgt Wisner, reporting shots fired over channel 1.

I responded to the scene traveling west on Washington Ave then wouth on 64th Ave. I was unfamiliar with the area so I asked dispatch to relay directions to the nearest cross street. When I was not answered I decided to turn west onto Occidental Rd. I saw that 68th did not intersect therefore I turned north onto 69th Ave and arrived at the location the back way.

When I pulled up to the residence, I saw Officer Graves running from his car with a plate carrier in hand. I dismounted my motorcycle and ran to the garage where I saw Officer Graves running towards. Ruperto Briseno, a wheelchair bound resident of the home, was stuck between the broken garage door panels and the frame of the house. Sgt Wisner and Officer Althauser were applying direct pressure to wounds that appeared to be to the chest area of Juan Briseno.

Sgt Wisner instructed Officer Graves and I to get him out of the garage. There was no room to go through the house or get Ruperto's wheel chair past the cars and through the other overhead door therefore I began pulling the garage door out, away from the house to get enough space for Ruperto to get out. I also tugged on the wheel chair to maneuver it into the space that was created.

After Ruperto was outside of the garage I asked Sgt Wisner and Officer Althauser if the house had been cleared. They replied that it had not; I took Officer Graves with me and we cleared the house of any other occupants.

As we moved through the house, I found it strange that a couch and love seat were pushed into a doorway that seperated the south rooms of the house that contained Ruperto's bedroom, the laundry room and the garage from the rest of the house. The front door and the rear french doors were barricaded as well. A leaf of a table was wedged under the door handle of the front door and the french doors had a locking mechanism (similar to a hotel latch) that was secured with vice grips.

I noticed a clear, blown glass pipe that was clouded with white residue resting on the surface of the stove. I recognized this as an instrument commonly used to ingest methamphetamine.

Officer Graves and I located a boxer breed dog in the northwest bedroom. We cleared the room and then closed the door, locking the dog inside. Once the residence was clear we exited through the garage and I stayed with Ruperto until back up officers arrived.

I began looking at the garage door more carefully and saw there were skid marks that were obviously from the Mitsubishi Eclipse that was parked there. I asked Ruperto if Juan drove the car into the garage door. He said no, he broke the door himself trying to get out of the house. He explained that his brother was trying to keep him from leaving. Ruperto spoke little English so I didn't interview him completely. But, during the time I did speak with Ruperto he showed very little emotion.

Fire personnel from West Valley Fire arrived on scene to assist with ALS with treatment of Juan's wounds. At that point Officer Althauser and Sgt Wisner were relieved of providing medical attention to Juan. The fire personnel included Wayne Haubrich, Michael Parrish, Michael Gohl and Leif Pray. The ALS crew was comprised of Dwight Derby and Kasey Jo Weigley. Paramedic Weigley checked Juan for signs of life then hooked a heart monitor to Juan. There were no signs of life therefore she made a phone call to an on call doctor who pronounced Juan deceased.

After Weigley advised Juan was deceased the medical equipment was retrieved from the scene and the medical personnel were asked to leave the inner perimeter. I stayed at the mouth of the garage and secured the scene. I assisted Officer Janis with covering Juan with a blanket to keep him from view of the neighbors.

At about 1730 hours, Captain Schneider asked me to return to the station and gather the total station equipment to diagram the scene. I called Sgt Belton and asked if he could assist with the task. I gathered the equipment and drove back to the residence. We stood by outside of the residence until a search warrant for the residence was signed and authorized.

At about 2100 hours, I reentered the house with Detective Medina to assist ACO with removing the dog from the bedroom. Detective Medina and I went through the garage but skirted between the north wall and the Mitsubishi, trying to avoid the area where Juan was lying. As I moved around the front of the vehicle, I noticed a spent shell casing resting on the ground behind and to the right of the right front tire.

Since all the doors were barricaded I did not want to disturb that evidence therefore I opened the north dining room window and had the ACO climb in. Once the dog was retrieved she left through the same window with the dog in tow.

Once Detective Shaw arrived with the search warrant, Sgt Belton and I set up the total station. I used the laser to shoot most of the points on the house. Sgt Belton held the prism on the vehicles, Juan's body and other points of evidence. The shell casing that I had seen earlier was now underneath the car, directly behind the right front tire. A second shell casing was found approximately 10 inches from where Juan's head was resting. Since these items were found under the car, Sgt Belton and I set up a baseline and measured the location of the shell casings by hand. The RP was a common point on the house that I had already plotted with the total station.

On 06/13/16, I obtained a copy of the floor plan of the residence from City Hall. I then drew the scene using the plotted points from the total station and the floor plan for the exterior walls that I could not measure from where the station was set.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password

to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #: 16Y024922

Synopsis: Officer Involved Shooting

Narrative:

On 6/10/16 at about 1733 hrs I received a call at home from Det. Kasey Hampton advising that he had overheard radio traffic from YPD main channel that there had been an officer involved shooting. At about 1744 hrs I called Capt. Schneider and he advised that he was out at 2125 S. 68th Ave, and he confirmed that an officer involved shooting had occurred at that location and the suspect was deceased. He advised me that the incident had occurred in the garage of the residence, and Officers Brad Althauser had shot the suspect, and Sgt. Wisner had also been present but had not discharged his weapon. Capt. Schneider advised that Detective Shaw was on scene. I contacted Det. Shaw and requested that he respond to the station to begin drafting a search warrant for the residence. I contacted Detectives Cays, Hampton and Pepper and requested that they respond to assist with the investigation. I also called Forensic Supervisor Kristen Drury and requested that she respond.

I arrived at the station at about 1810 hrs. I was advised that the original call that the officers responded to was a domestic violence, and the victim in the incident was the decedent's brother, who was wheelchair bound and Spanish speaking only. I requested that officers on scene arrange to have the brother transported to the station for an interview. I called Det. Medina and requested that he respond to interview the brother. Officers on scene advised that there were several potential witnesses in the neighborhood. I requested that they arrange to have the witnesses transported or self-transported to the station for interviews.

I tasked Detectives Cays and Hampton with conducting a round count for the involved officer and the witness officer. I also asked that they take photos of the officers. I tasked Det. Pepper with interviewing witnesses that were arriving at the station. Once Det. Cays and Hampton completed the round count and the photos, I asked that they assist with the witness interviews.

Sgt. Wisner, Det. Shaw and I reviewed Sgt. Wisner's COBAN video of the incident. Det. Shaw then began drafting the search warrant for the residence at 2125 S. 68th Ave. Following the completion of the search warrant and affidavit, Detectives Shaw and Pepper responded to a judge's residence to present the warrant and supporting affidavit. I advised Detectives Hampton, Cays, Medina, and Forensic Supervisor (F/S) Drury to respond to 2125 S. 68th Ave to await the warrant. I also responded to the scene.

At about 2213 hrs I received a call from Det. Pepper advising that the search warrant had been granted. F/S Drury began taking exterior photos of the residence. Detectives Shaw and Pepper arrived at the scene, and on scene personnel began documenting the scene. Sgt. Belton and Officer Grant began mapping the scene using the total station. Once the scene was documented, detectives entered the scene and began collecting items of evidence. At about 2335 hrs I called Coroner Jack Hawkins and requested that he respond to take custody of the deceased. Following evidence collection, Coroner Hawkins and Deputy Coroner Marshall Slight took possession of the deceased and transported him to the morgue for an autopsy at a later date.

Following the execution of the search warrant, I contacted dispatch and asked that a board up company respond to secure the garage bay. The board up companies refused. Codes also refused to respond. I secured the interior garage door (man) and requested that patrol officers make routine and frequent patrols of the residence for security. I cleared from the scene at about 0115 and returned to the station. I secured at about 0145 hrs.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Date, Time:

Supplement

Yakima Police Department - Supplemental Narrative Report

Incident #: 16Y024922

Synopsis: Called out for officer involved shooting investigation.

Narrative:

On Friday, June 10th, 2016 at about 1745 hours I was contacted on my department cell phone by Detective K. Hampton and was told there had been an officer involved shooting. As I was preparing to respond I also received a phone call from Sgt. T. Bardwell again advising of the officer involved shooting. He requested I respond to the scene at 2125 S 68th Ave to assist. At about 1800 hours I received another call from Sgt. Bardwell requesting that I instead respond to the police department. I arrived at the police department at about 1815 hours. It was there that I learned that Officer B. Althauser and Sgt. R. Wisner had responded to some type of domestic disturbance. During an altercation with the suspect, Officer Althauser shot and killed the decedent. Sgt. Wisner did not discharge his firearm.

At about 1830 hours I was asked by Detective D. Shaw to prepare for a round verification of Sgt. R. Wisner, who was present during the time of the shooting.

At about 1835 hours Detective K. Hampton and I conducted a round verification of Sgt. Wisner's duty firearm (including the inserted magazine) and three spare magazines. Sgt. Wisner was not carrying a secondary (back-up) firearm. I photographed this process. Sgt. Wisner was carrying a Smith & Wesson M&P .40 caliber handgun. Detective K. Hampton and I counted the ammunition in Sgt. Wisner's duty firearm, including the magazine which was inserted in it. There were 15 rounds in the magazine and one round in the chamber. Sgt. Wisner's three spare magazines were also counted. Two of the magazines contained 15 rounds and the third contained 14 rounds. The magazines were 15 round magazines.

At the completion of the round verification, Sgt. Wisner was given his handgun and magazines back to place on his duty belt. I then photographed Sgt. Wisner as he appeared at the time of the shooting.

At about 1900 hours I contacted Officer Althauser and obtained photographs of him as he appeared at the time of the shooting.

Detective K. Hampton and I then obtained Officer Althauser's duty firearm, a Glock 22, .40 caliber. We also obtained Officer Althauser's secondary (back-up) handgun, a Kimber Solo Carry 9mm, which he carried on his vest. Officer Althauser carried two spare magazines on his duty belt for his duty firearm. There was one round in the chamber of the firearm and 12 rounds in the magazine which was inserted in the firearm. The magazine is a 15 round magazine which made the count three below capacity. The two spare magazines were each loaded with 15 rounds. Officer Althauser's secondary firearm had a single, six round magazine. There were five rounds in the magazine and one round in the chamber.

At the completion of the round verification for Officer Althauser, he was given back his secondary firearm as there was no indication that it had been discharged during the incident. His duty firearm was collected as evidence.

At about 1930 hours I was advised that a witness was at the police department waiting to provide a recorded statement to detectives. At about 1932 hours I met with and interviewed John Thornton who was in a detective interview room. Mr. Thornton agreed to have the interview recorded. I asked Mr. Thornton if he could explain what he had told officers he witnessed.

Mr. Thornton said he, his wife and his friend, Jordan, were standing outside near his garage when they noticed a police car at a neighbor's house, about four houses down. He saw two officers banging on the garage door of the house. Mr. Thornton believed the garage door had been damaged before the officers arrived because he saw the officers pulling on the door and breaking it apart. He then saw the officers run into the garage. A few seconds later Mr. Thornton said he heard three gun shots.

Mr. Thornton did not know the names of the people who live at the house other than the occupant who does live there is in a wheel chair. He did not hear anything at the house prior to the police arriving. Mr. Thornton did not see any other parts of the incident. The interview ended at about 1939 hours. Mr. Thornton left the police department at that time.

At about 2030 hours Officer Althauser was provided with a department issued replacement firearm. Detective K. Hampton and I transported Officer Althauser to his residence. Once there, Officer Althauser's uniform shirt, pants and boots were collected as evidence. Officer Althauser's boots and uniform contained biological evidence. The items were later tagged into evidence.

At about 2200 hours I responded to 2125 S 68th Ave to assist other detectives in serving the warrant on the house to collect the decedent's body and .40 caliber fired bullet casings. I arrived shortly after and at 2230 hours the service of the warrant began. I stood by as the YPD Traffic Unit mapped the scene with Total Station. I noted that a copy of the search warrant was placed on the kitchen counter. I also noted that a copy of the affidavit for search warrant was also present at the scene for officers and detectives to review. I kept the log of recovered items during the service of the warrant.

During the search of the scene, two .40 caliber Speer fired bullet casings were located, photographed and collected in the garage. The deceased body of J. Juan Briseno-Ortega was also photographed and later collected from the garage. Digital Photographs were taken by Evidence Technician Supervisor K. Drury during the warrant service.

At about 0010 hours the Yakima County Coroner's Office arrived and at about 0021 hours the decedent's body was removed from the scene.

The service of the warrant was completed at about 0025 hours. I placed a copy of the Receipt for Property Seized on the kitchen counter with the search warrant. I cleared from the scene a short time later and responded to the police department. I placed the collected evidence into the MCU Temporary Storage Locker and secured for the night.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.

Yakima Police Department - Supplemental Narrative Report

Incident #:

16Y024922

Synopsis:

Called into service for an Officer Involved Shooting. Assisted with the investigation.

Narrative:

On Friday June 10, 2016 at approximately 1730 hours I was assigned to the Yakima Police Department Detective Division Major Crimes Unit. On this time and date I was off duty in my assigned detective vehicle when I heard officers over the radio yell "shots fired!" I then heard officers advise over the police radio that the suspect was down and request medical aid respond to the scene. Due to my experience, I knew that a detective call out was immanent and contacted Sergeant T. Bardwell about the incident.

At approximately 1750 hours I received confirmation from Sergeant T. Bardwell that a call out was being initiated and to respond to the scene of the shooting at 2125 S. 68th Avenue, which is in the City/County of Yakima, Washington. I responded to the scene and met with Detective D. Shaw. Detective Shaw advised that he was being told by patrol that officers had responded to the residence for a domestic, which was later determined between brothers. I was advised that the decedent, Juan J. Briseno-Ortega (DOB 03/30/1966), had been shot by Officer B. Althauser. I was also advised that Sergeant R. Wisner was a witness to the incident. Detectives were advised that Briseno-Ortega had a pistol on him at the time of the shooting and police had recovered a .22 revolver. I was advised that the whole incident occurred in the garage at 2125 S. 68th Avenue.

I noted that the residence had two (2) garage doors, and that the one on the north side had been torn off the rails and was lying on the grass. I could see the covered body of Briseno-Ortega inside the garage, between two (2) parked cars.

I was contacted by Sergeant T. Bardwell and asked to return to the station to help with the investigation. Prior to leaving the scene I learned from Officer D. Soptich that the victim brother, Ruperto Briseno-Ortega (DOB 04/01/1964), was primarily Spanish speaking only. Ruperto agreed to give a recorded statement at the Yakima Police Department. I advised Sergeant Bardwell, who assigned Detective A. Medina to interview Ruperto.

When I returned to the station I was assigned to conduct the round count of the officer's weapons and assist with any pictures. At approximately 1835 hours Detective K. Cays took digital photographs of Sergeant R. Wisner, to include all four sides. Sergeant Wisner was in a fully marked police uniform identifying him as a member of the Yakima Police Department.

Detective Cays and I seized Sergeant Wisner's primary duty pistol and all associated magazines. I confirmed that he was not carrying a backup pistol. The pistol seized from Sergeant Wisner was a Smith & Wesson M&P .40 caliber handgun Serial Number HRH0601. Sergeant Wisner had three (3) extra duty

magazines and an additional one from the pistol. I made the Smith & Wesson pistol safe and located (1) one live round in the chamber. The magazine removed from the Smith & Wesson had fifteen (15) rounds, which is the max capacity for the magazine.

Detective Cays and I counted the other three magazines, which were removed from Sergeant Wisner's duty belt. The round count for those magazine were fifteen (15), fourteen (14) and fifteen (15) rounds. I advised Sergeant Wisner that one of his extra duty magazines from his belt was one (1) round short. Sergeant Wisner stated that one of his magazines in his duty belt fell out in a foot pursuit recently and a round may have been ejected then, but was not certain if that was the reason for the missing round.

At approximately 1900 hours Detective K. Cays took digital photographs of Officer B. Althauser, to include all four sides. Officer Althauser was in a fully marked police uniform identifying him as a member of the Yakima Police Department. I noted that officer Althauser appeared to have marks on his arms, hands, and uniform consistent with a struggle.

Detective Cays and I seized Officer Althauser's primary duty pistol and all associated magazines. Detectives also seized Officer Althauser back up pistol. The primary duty pistol seized from Officer Althauser was a Glock 22 .40 caliber handgun Serial Number TCT900. Officer Althauser had two (2) extra duty magazines and an additional one from the pistol. I made the Glock pistol safe and located (1) one live round in the chamber. The magazine removed from the Smith & Wesson had twelve (12) rounds, which has the max magazine capacity of fifteen (15) rounds. Detectives were advised by Sergeant Wisner that Officer Althauser had discharged his primary duty pistol twice, which matched the round count from this magazine.

Detective Cays and I counted the other two (2) magazines, which were removed from Officer Althauser's duty belt. The round count for those magazine were fifteen (15) rounds apiece, which matched the max magazine capacity. Detective Cays and I also conducted a round count of the backup pistol that was carried by Officer Althauser. The pistol was a Kimber solo carry 9mm Serial Number S1116031. Detective Cays made the Kimber pistol safe and located (1) one live round in the chamber. The magazine located inside of the pistol had five (5) rounds in it with a magazine capacity of (6) six. After inspecting the Kimber pistol and determining it was not use in the shooting, it was given back to Officer Althauser.

At approximately 2030 hours Officer Althauser was given a replacement duty weapon from the armory. Detective K. Cays and I then transported Officer Althauser home and collected his uniform and boots. They were tagged into the Yakima Police Department Property Room as evidence.

At approximately 2200 hours Detective Cays and I responded to 2125 S. 68th Avenue to assist with the search warrant service. Detectives waited for members of the Yakima Police Department Traffic Unit to conduct total station of the crime scene. Police located (1) spend shell casing underneath the passenger side front tire. I collected the spent shell casing, which was a .40 caliber SPEER. The spent casing matched the ammunition used by Officer Althauser during the shooting. I also located the second shell casing, which was underneath the vehicle, next to the decedents head. That shell casing was collected by Detective D. Shaw. It was also a .40 caliber SPEER.

Detectives inspected the body and located two defects to the front torso

of the decedent. Those defects were consistent with bullet holes. One bullet defect was in the upper center chest, with the second to the lower right torso. Detectives did not locate any defects in the body that were consistent with an exit wound. Yakima County Coroner J. Hawkins was notified and collected the decedent. The shell casings were placed into the temporary evidence locker and later tagged into the Yakima Police Department Property Room as evidence.

On Monday June 13, 2016 at approximately 1000 hours I attended the autopsy of Briseno-Ortega at the Yakima County Coroner's Office. The autopsy was performed by Dr. Reynolds. During the autopsy it was determined that Briseno-Ortega had no through and through bullet defects. Dr. Reynolds recovered two (2) slugs from the body, which according to Evidence Technician K. Drury, were consistent with officer duty ammunition. Dr. Reynolds ruled the death a homicide by gunshot. I collected the clothing of Briseno-Ortega and the two recovered bullet slugs. The property collected was tagged into the Yakima Police Department Property Room as evidence.

At approximately 1507 hours I assisted Detective Shaw take a recorded statement from Sergeant R. Wisner about the incident. The interview was conducted in the Chief's Conference Room and recorded via an Olympus Digital Recorder. See the recorded statement, transcript and Detective Shaw's report for additional information on that statement.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing report, written in the County of Yakima, City of Yakima is true and correct, and I am entering my authorized user ID and password to authenticate it.
