

Do You Really Need Knee Surgery? A Second Opinion Can Save You From Unnecessary Knee Surgery

**OVER 20,000 PATIENTS TREATED AND
STOPPED REPLACEMENT SURGERY!**

Knee Pain Does Not Mean You Need Knee Replacement Surgery

ARE YOU STRUGGLING WITH KNEE ARTHRITIS PAIN?

Knee arthritis pain is a problem that effects millions of Americans. Simple aches and pains can eventually lead to a total knee replacement with months of difficult rehab.

THERE IS HOPE: FDA APPROVED KNEE TREATMENT

At Physicians Rehabilitation, we are happy to offer non-surgical options to those suffering with knee pain. The Viscosupplementation treatment is Easy, Safe, Highly Effective, FDA Approved, and 99% of our patients get significant relief. We also offer Hyaluronic Acid which is a gel like substance similar to synovial fluid in your knees which reduces inflammation and increases cushioning and lubrication of your knees IMMEDIATELY. Hyaluronic Acid is a purified compound which is found naturally. This treatment protocol is used to treat the symptoms associated with arthritis. Administration takes ONLY MINUTES after a consultation and in office imaging studies are performed.

ABOUT THE TREATMENTS

All treatments are performed at our location. We use advanced diagnostic equipment to localize the exact point of your knee pain. Then we inject Viscosupplementation or Hyaluronic Acid into that area of the joint.

DOES INSURANCE COVER THIS?

Yes, Medicare, UHC and most major insurances cover viscosupplementation and hyaluronic acid treatments.

Options for Joint Pain:

Viscosupplementation and Hyaluronic Acid are gel like substances similar to the synovial fluid in your knees which reduces inflammation and increase cushioning and lubrication IMMEDIATELY. Offered locally by Physicians Rehabilitation, this procedure is minimally invasive, requires no surgery, can provide long lasting relief and has little to no recovery time. Administration take ONLY MINUTES after a consultation and in office imaging are performed.

- **Knees stiff or hurt in the morning?**
- **Do you frequently take ibuprofen for the pain?**
- **Been told you're bone on bone?**
- **Or will need knee replacement surgery?**
